

Lagunitas Area Combed For Point Reyes Bank Robber

“THAT’S THE MAN!” — A. E. Cencio, manager of Pt. Reyes branch of Bank of America, who was kidnaped during \$14,300 holdup, identifies for Sheriff Louis P. Mountanos a photo of William (Dugie) Williams, former San Quentin convict, as the man who robbed the bank and abducted him at gunpoint. (Independent-Journal photo by Jim Kean).

HOLDUP WEAPON — Deputy Sheriff Roy P. Barton sights sawed-off shotgun which robber used to hold up Bank of America in Point Reyes Station, then left behind as he abducted the manager with a second weapon, a pistol. (Independent-Journal photo by Bob Hax)

A small army of Federal Bureau of Investigation agents and Marin County sheriff's deputies combed the Lagunitas area today for a bank robber who stole \$14,300 at the point of a sawed-off shotgun yesterday afternoon from the Point Reyes Station branch of the Bank of America.

Bank manager A. E. Cencio of Petaluma, kidnaped during the getaway and dumped from the robber's car near Samuel Taylor State Park, identified the robber from among photographs in the sheriff's office.

The suspect is William (Dugie) Williams, 31, a tree trimmer from Santa Rosa, who has served time in San Quentin for grand theft, burglary and bad checks.

The holdup occurred just after the 3 p.m. closing time yesterday, while one customer was still inside the bank with several employees.

Sheriff Louis P. Mountanos and his deputies, who were up most of the night working on the case, said the robber appeared nervous and possibly under the influence of narcotics.

He scooped up all currency into a bag and herded the employees into the vault. When Cencio started to walk into the vault, the robber snapped: "No! You're coming with me."

Betty Adams of San Rafael, assistant cashier who has worked for the bank for 13 years, said the bank had just closed for the day. Milan Prokupek, owner of Inverness Lodge, was still inside completing a banking transaction.

A man in white carpenter's coveralls banged on the door and insisted he was in a big hurry to make an "interbranch deposit for Fairfax." Cencio let him in. That was 3:05 p.m.

"He fiddled around for several minutes with deposit slips," Mrs. Adams recalled. Then suddenly he pulled a sawed-off shotgun from under the bib of his overalls, pointed it "right at my face," Mrs. Adams reported.

"Don't push the button or I'll kill you," the robber warned.

He herded the four bank employees and Prokupek into the vault, warning them not to make a move or he would kill the manager.

The bandit stuffed the money into an old paper sack, then used Prokupek's leather briefcase as an additional container. He then left the shotgun behind, using a pistol to force Cencio to accompany him.

Other employees in the bank besides Mrs. Adams and Cencio were Gloria Giambastiani of

Quakes At Yellowstone Park Kill At Least 16, Trap 150

OIL TANKS IGNITE

Kansas City Blast Kills 4, Hurts 42

KANSAS CITY, Mo. (P)—A group of oil storage tanks were ignited by a fire from a filling station today and exploded, killing four firemen. At least 42 others were injured.

In addition to the 42 injured, at least 40 more firemen were treated at the scene.

Fire Chief Francis Daugherty of Kansas City, Kan., said all the victims were from the Kansas City, Mo., department.

Most of the dead and injured were engulfed by a mushrooming ball of fire which enveloped the area as the tanks exploded.

The fire sprang up in a filling station where two men were filling a gasoline truck. As it spread, four 25,000-gallon storage tanks exploded. One of the large tanks spewed flaming fuel oil into a group of firemen.

After the blast the flames subsided quickly.

The truck driver, James Mitchum, suffered an arm burn.

Mitchum said he did not know how the fire started.

County Board Officially Sets \$2.23 Tax Rate

Increased county valuations and a tax reduction in every category of county expenditure except special road improvements paved the way for a seven-cent reduction in the county tax rate, the Marin County Board of Supervisors learned today.

The board passed 4-0 (Supervisor William D. Fusselman absent with hay fever) a new county rate of \$2.23 per \$100 of assessed valuation. The rate had been \$2.30 for the past three years. The county library district tax was held at 15 cents, the same as last year.

PROPERTY TAX

Of the county's record \$11,822,407 budget, \$4,648,070 must be raised from county property taxation. This is 4.3 per cent higher than last year.

At the same time the county's assessed value has increased 7.75 per cent, allowing the increased cost to be absorbed and a reduction given in the total tax rate. Deputy Auditor Michael Mitchell gave this breakdown of the reduction:

General fund, last year \$1,744.5; this year \$1,712, a decrease of 3 1/4 cents; special road improvement fund, last year \$922.8, this year \$934, an increase of \$0.112; building fund, last year \$426.6, this year \$416.0, a decrease of \$0.106.

SPECIAL SCHOOL

Handicapped children's school building, last year \$807.7, this year nothing; veterans' memorial, last year \$0.236, this year \$0.021, a decrease of \$0.026; unappropriated reserve, last year \$0.748, this year \$0.748.

WEATHER FORECAST

Bay Area: Fair tonight and Wednesday except high fog near ocean extending inland Wednesday morning.

Sierra Nevada: Fair.

HAFB MERCY PLANE HEADS FOR MONTANA

An SA16 Albatros from the 41st Air Rescue Squadron, with a crew of four and four paramedics, left Hamilton Air Force base at 10 a.m. today for earthquake-stricken West Yellowstone, Mont.

Capt. Andrew S. Champion of 203 Blackstone, Marinwood, will be military mission controller and will coordinate all air evacuation efforts in the area. He is pilot of the Albatross.

About 150 persons may need to be evacuated, a 4th Air Force Base spokesman at Hamilton reported.

Flying with Captain Champion were: Capt. John Whitwell, co-pilot; S/Sgt. Harvey Graumann, engineer; S/Sgt. N. Lopez, radio operator, and CWO Stephen Holloway, M/Sgt. R. D. Curtis, T/Sgt. F. C. Dean and S/Sgt. D. C. Jackson, the paramedics.

Board Acts To Delay Hearing On Tax Refund

Marin County's Board of Supervisors acted today to head off a one or two-day hearing on whether 316 Marin taxpayers should have tax refunds totaling \$105,000.

The hearing was scheduled to start tomorrow. Attorney Albin L. Bjorklund of Sausalito represents the residents, who claim the state illegally increased Marin County assessed valuations by 26 per cent in 1955. They ask refunds for the years 1955, 1956 and 1957, claiming the assessor carried the illegal increases over these years.

This morning, County Counsel Leland H. Jordan proposed to the supervisors that they request Bjorklund to furnish a written statement of what evidence he intends to produce. Knowing this evidence, Jordan said, he could then inform the board whether even if all the evidence was unrefuted, the claim would be valid.

If he finds it would still be invalid, the supervisors could reject the claims without holding the hearing. This would clear the way for a court case.

If a hearing is held, Jordan said, Bjorklund probably would want nearly a full day to present testimony and the county counsel would want to study this evidence and then have another day's hearing to refute it.

Bjorklund objected violently to the "improper postponement." He said the board had not consulted him, "they simply postponed it." He said he telephoned to request that the board reconsider the postponement or give him a hearing.

See HEARING, page 4

HELP FROM HELICOPTER HAFB Paramedics Rescue Boy Hurt In High Sierra

Three Hamilton Air Force Base paramedics from the 41st Air Rescue Squadron last night rescued a badly injured 15-year-old Boy Scout from rugged terrain in the High Sierra.

The paramedics left Hamilton yesterday aboard an SA16 Albatross which landed them at Bishop. There they boarded a waiting helicopter from Stead Air Force Base at Reno, which flew them to within a mile from the injured boy.

The three hiked through the mountainous country to bring out Don Ewers of Los Angeles by stretcher. He was then flown in the helicopter to a hospital in Bishop. Doctors there said his left leg and nose were broken.

Ewers was hiking with 16 other Boy Scouts from Los Angeles when rocks began tumbling down a slope. A boulder hit his leg, pinning him.

The paramedics, due to arrive back at Hamilton today, are M/Sgt. Jack Messina, Raphael Village; T/Sgt. Harold McDonald, San Rafael, and S/Sgt. Witold Bleski of Hamilton. The Albatross was piloted by Capt. Victor Wright of Hamilton. Also aboard were Lt. Russell Fleming of Larkspur, co-pilot; Lt. William Craven, Raphael Village, navigator; S/Sgt. Richard Lewien, Hamilton, engineer, and A/1c Kenneth Brooks, radio operator.

Campers Marooned; Shocks Crack Dam

WEST YELLOWSTONE, Mont. (UPI)—A series of powerful earthquakes last night and early today killed at least 16 persons, ripped the top off a mountain and threatened 150 campers trapped in a river valley below a cracked dam.

At least a dozen persons were injured.

The first of the quakes slammed into the northern Rocky Mountain area late last night near the west entrance to Yellowstone National Park.

A series of aftershocks followed, all apparently centered near Hebgen Dam on the Madison River. The dam is a few miles inside the Montana border, with the northwest corner of Wyoming on the east and the northeast corner of the "pan" in the Idaho panhandle due south.

The disaster put in motion a massive rescue effort with helicopters, paramedics and ambulances heading for the scene to remove the injured and rescue the 150 campers stranded below the dam, where a 17-foot crack appeared after one of the aftershocks early today.

The campers, on the floor of the Madison River Valley, 6,500 feet above sea level, were unable to get out because of a 200-to-300 foot high slide blocking the exit to the valley. A quake split an unnamed 8,000-foot mountain seven miles downstream from the dam, covering the river and state highway 1 with debris.

Water from Hebgen Lake lapped over the top of the earth-fill, concrete-core hydroelectric dam.

Gallatin County Sheriff Don Skeritt said the dam was holding its own but "no one knows when it might go."

Many campers trapped between the dam and the landslide were attempting to walk out over the slide. Helicopters were expected to try to lift others to safety.

The series of quakes, first death-dealing tremors to strike this area since 1935, split open foothills as though they were eggshells. The north shore of the lake behind the dam was cropped off six to 15 feet, submerging the highway there. The south shore heaved up six to 15 feet as though the whole lake were tipped in a giant saucer.

Several homes floated crazily in the lake. Chimneys fell, gasoline pumps tipped over and buildings were shifted from their foundations.

Rock slides closed roads throughout most of the west half of Yellowstone Park and telephone service was knocked out in this tiny resort town of approximately 300 persons.

A deputy sheriff at Gardiner, Mont., said the quake "raised dust and dirt from the mountains into the air."

Many of the old buildings were damaged at historic Virginia City. A 12-foot section of wall plunged into the second floor courtroom at the courthouse built in 1876.

There were reports of toppled chimneys, crumbled fireplaces and cracked plate glass windows in Butte. At Dillon, the chimney toppled on the city library and the windows of a furniture store were shattered.

Several reports of the shock also came from cities in Oregon and British Columbia.

\$1,000 Taken From Office Of MMWD

Someone stole about \$1,062 from the front office of the Marin Municipal Water District in San Rafael while it was left unguarded on a front counter for a few moments today.

William Seegar, general manager of the district, said employees were preparing receipts in the morning's mail for delivery to a bank for deposit. It was left beside the cash register in the front office while the employee doing the counting stepped for a few moments into a rear office, he said. When the employee returned, the money had vanished.

A man who had earlier been in the office for some time filling out a job application was picked up by San Rafael police and was being questioned this afternoon.

Lie Test Given To Kayo County To Try Proves Inconclusive

A lie detector test administered to Kayo Hallinan of Ross, concerning his jaw-fracturing punch on an 18-year-old Fairfax youth, is inconclusive, according to the lie detector expert.

George W. Harmon of John E. Reid and Associates reported to Dist. Atty. William O. Weissich that the victim, James L. Thalhamer, seems to be telling the truth.

But of Kayo's account of what happened, the examiner said he is "unable to interpret this subject's polygraph records in terms of deception, and his examination must be considered as inconclusive."

Thalhamer said Hallinan hit him on the jaw last May while they were at the Greenbrae Lanes bowling alley.

Kayo is scheduled to face a jury trial on a felonious assault charge on Sept. 1.

County To Try To Rent Space For New Court

The county administrator's office today was instructed by the Marin County Board of Supervisors to seek rental space in the San Rafael City Hall and the Herzog-Rake Building for the third Marin Municipal Court.

The decision was reached after the board considered a number of possibilities on housing the new court, including use of the courthouse pressroom and holding of night court.

The court probably would meet in the San Rafael council chambers only two days a week, and in the courthouse on other days when other courts are not in session. The judge's chambers would be in the Herzog-Rake Building.

Geronimo Valley May Get Gas Service At Last

Members of the San Geronimo Valley Assn. heard happily last night that they may at last get long-desired natural gas supply.

A letter from Pacific Gas and Electric co., read at an association meeting at the Lagunitas School, expressed desire to meet with representatives of the association and discuss a proposed gas extension as soon as reports on the area can be compiled through last year to bring them reasonably up to date.

The letter came in response to a request from the association that the long-desired extension be made.

The meeting also planned a membership drive and ordered letters of appreciation sent to all who contributed time and effort to a recent barn dance to benefit the building fund.

ORDINANCE CONSIDERED Supervisors Seek Data On Underground Utilities

Marin County supervisors are interested in finding out what can be done to help subdividers who want to put all of their public utilities underground.

The board today received a report from County Counsel Leland H. Jordan saying he had searched the records and could find nothing to prevent the county from passing an ordinance requiring utility companies to put all utilities underground. He noted, however, that the Public Utilities Commission controls the utilities and suggested no such ordinance should be passed without consulting the PUC.

Supervisor Vera Schultz said one developer she knew had been trying to get the utilities underground, but was "running into so much opposition from P.G. and E. that he wasn't getting anywhere."

Supervisor James Marshall noted that underground facilities might materially increase maintenance costs. William Gnos added that the initial cost would be added to the cost of a home which already is "getting up around \$25,000 and how can a young couple buy a home?"

Mrs. Schultz suggested a meeting be set up with the P. G. and E. to discuss the situation. But first she asked that the county planning staff make a report on subdivisions in Marin which already have underground utilities.

TRANSACTION COMPLETED — Milan Prokupek, proprietor of the Inverness Lodge, is let out of Bank of America in Point Reyes Station by Bruce Gabeau, substitute assistant cashier. Prokupek clutches rolls of coin in hand. Brief case in which he carried bank book into bank is gone—taken by robber to carry off some of \$14,300 loot he got in 3:05 p.m. holdup. Prokupek and bank employees were herded into vault. (Independent-Journal photo)

HERDED INTO VAULT—These four employees of the Point Reyes Station branch of the Bank of America were herded into the vault late yesterday by robber who kidnapped the bank manager and escaped with \$14,300. From left, they are Betty Adams, Gloria Giambastiani, Marcella Schettler and Bruce Gabeau. (Independent-Journal photo)

ROBBERY

Point Reyes Station, in her first day on the job as a bookkeeper; Marcella Schettler of Point Reyes Station, teller, and Bruce Gabeau of Healdsburg, vacation substitute for Andrew Cook of San Anselmo, assistant cashier. They opened the vault from the inside after the robber was gone.

Cencio, let off about two miles south of Taylor Park, hitched a ride on a pickup truck back to Point Reyes Station. Bank employees had already notified the sheriff.

Bill Williams of Kentfield (no relation to the suspect) spotted the getaway car abandoned on Century road in the hills above Lagunitas and reported to Undersheriff Eugene Meyer shortly after midnight.

The car was registered to William Williams, the suspect. Cencio was unharmed but "boy, it was a wild ride," he recalled. "That guy told me he used to be a race track driver and I believed him."

Cencio told officers the robber offered to identify himself, but Cencio replied, "I don't want to hear your name. Just let me off."

Cencio reported that, besides the shotgun left in the bank and the pistol used in the abduction, the robber had a revolver in the automobile.

FBI agents joined the sheriff's deputies in the search around Lagunitas. No other car has been reported stolen from the area. Officers said they believe the robber is still hiding out somewhere in the county.

The FBI was to file a complaint before United States Commissioner Joseph Kares in San Francisco today, charging Williams with bank robbery.

WILLIAM WILLIAMS Sought as bank robber

Plane Puts Down Safely On Marshland

Mill Valley's marshland area was put to a new use Sunday when Harry Wayne Burroughs of Reno made an emergency landing on the rocky, rutted surface because his Piper J3 was running dangerously low on fuel.

Wesley J. Walker, operator of Walker's Texaco Service on Camino Alto, said he observed the plane drop under the overcast and make a circle over the area. The pilot made three passes at the flat marshland before setting his plane down in a successful landing, Walker said.

Police Officer William Walsh, called to the scene, was told by Burroughs that he was en route to the Bay Area from Reno, had become lost in the fog and saw the open area as his fuel was running low.

He said he had intended to land at Buchanan field in Concord but found it soaked in.

Walker said that after Burroughs phoned the Concord field, a second pilot arrived with some aviation gasoline after about a two-hour stay and the pair took off, again without mishap.

Weekly Steel Output Put At 337,000 Tons

NEW YORK (AP)—Steel mills unaffected by the industry strike will turn out an estimated 337,000 tons of steel this week, the American Iron and Steel Institute said yesterday. Output in the similar 1958 week was 1,690,000 tons.

Psychiatrists Get More Time To Examine Accused

Superior Court Judge Thomas F. Keating yesterday granted an additional week to psychiatrists to determine whether John Garvin Hicks is a sexual psychopath.

The 62-year-old San Francisco vegetable vendor, accused of molesting small girls in Marinwood last May is being examined by Dr. Theo K. Miller of Napa State Hospital and Dr. Joseph Joseph Gutstadt of San Rafael. The court set Aug. 24, 10 a.m. as the time for a report from the doctors and for sentencing.

Hicks is charged with four counts of lewd and lascivious conduct toward the girls, aged 10 and 11. He has three prior convictions including grand larceny, perversion and lewd and lascivious conduct.

San Anselmo Planners Hold Brief Session

The San Anselmo City Planning Commission, in what was termed "one of its shortest meetings on record," considered only several minor matters last night at the San Anselmo City Hall.

A lot owned by Manuel Dos Reis at 171 Crescent street, which he had petitioned to divide, had to be classified a subdivision by the commissioners before they could allow its owner to divide it.

The Church of the Nazarene, at Sir Francis Drake boulevard and Butterfield road, submitted a proposal to use its property adjacent to the church building for parking to learn what, if any, legal encumbrances might stand in the path of the proposal. Nothing to hinder the plan was found.

3 Million Cars Sold During First 6 Months

DETROIT (AP)—U.S. auto dealers sold 3,080,881 cars in the first six months of 1959, Automotive News reported yesterday. The figure compares with 2,370,189 in 1958, a poor sales year.

Hospital Puts Data On Microfilm

The work of transposing thousands of medical records on microfilm will begin this week at San Rafael General Hospital. Administrator John H. Prescott announced today.

Reason for the decision to film the charts is that the record storage room at the hospital, which will observe its 54th anniversary in September, is "full to the rafters," Prescott said.

With the new system, 2,700 pages of medical records can be placed on a hundred-foot roll of microfilm.

Charts of the past three years will be kept in the medical records library, and all others photographed. Negatives of the films will be kept in the vault of Bay Microfilm, Inc., Palo Alto firm engaged to do the job. Positive prints will be made for the hospital files.

The work of filming the records will be supervised by Mrs. Susan Conner, medical records librarian.

MARIN FIRE CALLS

Bonds — Stocks — Mutual Funds

Glenwood 6-2854 1000 Fifth Ave., San Rafael

San Francisco Oroville

NOTICE TO SALESMEN AND SALES MANAGERS

We need 6 district sales managers for our new mutual fund organization. Previous mutual fund selling experience is desirable, but not essential if you have the ability to build and head a sales unit.

You gain these advantages by working with us: • COMPLETE PROSPECTING ASSISTANCE for you and your sales people—a service unique in the industry.

• CONTINUING COMPENSATION under a very liberal plan, in addition to a good commission schedule. With this plan a hard-working man can retire after 10 years of solid building.

• TRAINING—a thorough and continuous program for all sales personnel.

If you think you can qualify, tell us, in a letter, all about yourself: your experience, income, family—the whole story. We will treat your letter in complete confidence and let you know right away whether or not we'd like to talk to you.

SCOTT, BANCROFT & CO. Russ Building, San Francisco Robert L. Coate, President

Storm Drain Assessment District Asked

The Corte Madera Town Council last night was asked to establish a special assessment district for installation of a Paradise drive storm drain in the Mariners Cove area.

San Clemente Land Co., which filed the petition, owns more than 60 per cent of the area proposed for improvement. Only other owners are the Roman Catholic Archdiocese of San Francisco and the First Baptist Church of Corte Madera.

James Smith, president of San Clemente firm, said the Catholic Church has indicated willingness to pay its share of the project's total cost, estimated at about \$37,000.

He agreed with Mayor Roger F. Morse that it would be unnecessary to go through assessment proceedings if the Baptist Church agreed to pay a proportionate share of the cost.

On the mayor's motion, the council voted to write the Baptists that action on the San Clemente petition will be taken Sept. 8 if they have reached no agreement with the firm by then.

STOCKS TODAY

NEW YORK (AP)—Stocks suffered a new sinking spell today on light volume. The lack of any real selling pressure was a bright note in Wall Street. It indicated the decline was more the result of caution than fear.

Volume for the day was estimated at 2,100,000 shares against 1,900,000 yesterday, the slowest session in 15 months.

Leading shares generally added to their losses as trading headed into the final hour. Only a few small gainers countered the trend.

Investors remained jittery, brokers said, about uncertainties stemming from the planned Eisenhower-Khrushchev visits and the lengthening steel strike.

Republic Steel paced a decline in the steel section with a loss of around a point. U.S. Steel and Bethlehem dropped fractions.

Ford fell more than a point. Chrysler ebbed close to one and General Motors dipped a fraction.

Questionnaire Replies Favor Recreation Plan

Results of questionnaires circulated months ago regarding the proposed Terra Linda recreation center revealed today that out of 284 of those who responded, 164 persons were in favor of the center and 118 were against it.

It was on the basis of this questionnaire that a recreation committee recommended to directors of the Terra Linda Community Services District that the proposal be put before the voters.

A \$350,000 bond issue election has been set for Sept. 15.

As the community services board goes forward in planning for the election, another group, the Terra Linda Home Owners Committee, is fighting the bonds.

The community services board will hold a regular meeting tonight at 8 o'clock at Hoffman School, and will sponsor a public forum featuring a panel of persons in the community recreation field at 8 p.m. tomorrow at the school.

Here are some results of the survey (the material was long sought by opposition to the bond issue election):

Persons were asked to list in order of seven preferences what they would prefer. A total of 113 persons put down a first preference for a creative play area. Next highest number for a first preference was 75 for a tiny tot play area, and 64 were for tennis.

Fewer persons wanted archery and shuffleboard, with the highest number listed at 75 for shuffleboard, and 100 for archery but only as seventh preference.

This list did not include a swimming pool, but one is included in the proposed bond

issue, and it was proposed in other questions.

Another question asked which facility would have to be eliminated in order to receive support. A total of 92 listed shuffleboard, 90 archery, 66 handball, 45 tiny tot play area.

A total of 146 favored expanded buildings, while 77 wanted to use the existing building. Another 61 favored no indoor recreation.

Another question asked how many would vote for a system that included pools. A total of 152 or 55.7 per cent favored it.

In another pool question, which asked what kind of support there would be for a more modest system, 61 out of 130 answering said they would support one recreational pool plus a wading pool, but 39 favored no swimming facilities.

Asked if they thought that in general it was a good program, 199, or 70.6 per cent said yes, and 155 or 55.8 per cent said they would support the program at the polls. (A two-thirds majority is needed for passage of bond issues. There are approximately 1,000 homes in Terra Linda.)

Comments in the questionnaire, results of which were supplied the opposition group by the recreation committee, included:

Recommend schoolgrounds for recreation.

Small children through age 7 should play at home.

Program should be financed from basic taxes.

Swimming facilities should be first in consideration of any facilities.

Let swimmers support themselves.

Marin Families Awarded Prizes

Three Marin families today are the proud and happy owners of new furnishings for leisure and children.

Casper's Pool, Patio and Nursery today announced winners in its three-day grand opening at 3765 Highway 101 just north of San Rafael.

Winners and prizes are: Mrs. D. O. Zink, 84 Corte Lenosa, Greenbrae, a patio ensemble; Mrs. Mary Ferrari, 275 Johnston, Marinwood, a barbecue bench and table and canopy table, and Mrs. Dean Fisher, 140 Mabry way, San Rafael, a child's glider swing.

Surgery Patient Says Willis Jittery

The question of whether Dr. Jack E. Willis of Mill Valley used liquor or drugs before performing an abortion occupied part of defense cross-examination in Marin Superior Court today.

A witness, a Contra Costa housewife, said that during her

Doubt Cast That Missing Woman Dead

Sheriff's Inspector Mike Melovich said today he does not believe Helen Fritz Brandeis, San Francisco woman who disappeared at McNear's Beach last Thursday, has drowned.

Melovich said that among personal effects of the missing woman found by Jim Bass and Frank Fielder of Santa Venetia was her bathing cap.

A woman will not go into the surf without her bathing cap, said Melovich. Therefore, he does not believe drowning can account her disappearance.

He could offer no new ideas on what may have happened to Miss Brandeis, however.

Boy To Plead To Assault

Lester Brigham Young, 18-year-old Marin City youth charged with assault with a deadly weapon during a brawl in Sausalito last Saturday night, is to enter a plea to the charge in Marin Municipal Court tomorrow at 1:30 p.m.

As a result of the fight during a dance at the IDESS Hall, Manuel G. Brazil, the organization's president, suffered a skull fracture.

Young of Building 314, Marin City, allegedly struck Brazil with a bottle. The victim was reported in good condition this morning by Marin General Hospital attendants.

Another youth involved in the fracas, Henry W. Touchstone, 25, of Point Richmond, was fined \$25 yesterday by Judge Harold J. Haley for disturbing the peace.

A third Marin City youth also charged assault with a deadly weapon, is being held at the county juvenile hall.

Young is in the county jail in lieu of \$2,500 bail.

Young of Building 314, Marin City, allegedly struck Brazil with a bottle. The victim was reported in good condition this morning by Marin General Hospital attendants.

Young is in the county jail in lieu of \$2,500 bail.

TAX RATE

Continued from page 1

this year \$0.47, a decrease of \$0.278.

Reduction in the unappropriated reserve is partly brought about by more than \$95,000 total remaining unexpended from last year. This is about twice the total left over the year previous. However, both years the total in the fund was set at \$200,000.

Budgeted expenditures show increases in all except the veterans' memorial, which remains the same, and the handicapped children's school, which was completed last year.

The general fund increases from \$3,380,000 to \$3,568,000; the special road fund from \$42,000 to \$69,500; the building fund from \$819,000 to \$866,000.

Mitchell also notified the board he would submit a separate resolution prior to Sept. 1 which would set the tax rates in all of the special and school districts of the county.

operation Mrs. Willis, who was assisting, "became extremely upset and Dr. Willis shouted at her and used mildly abusive language.

"Afterward," the witness continued, "I told him I thought all three of us were in something that tried our nerves and I thought he should not talk that way . . .

"He was extremely shaky. I detected the odor of liquor on his breath and thought that from his behaviour he could have been drinking or taking narcotics."

Under interrogation by defense attorney Leslie Gillen, the witness said: "I would say he was under the influence of liquor. His behaviour was peculiar and I detected the odor."

Gillen questioned her as to her knowledge of narcotics and after conceding lack of first-hand experience, the witness agreed in Gillen's description of her testimony as "rather extravagant" and added, "I am not branding him as a narcotics user."

Gillen asked about testimony that she had gone to other doctors before seeing Dr. Willis but had concealed their findings from him. "Why did you conceal these things?" he asked.

"Because I had one purpose in going to Dr. Willis, to have the pregnancy terminated."

She denied that she had been "coached by a doctor," as suggested by Gillen, in preparing her testimony.

HEARING

Continued from page 1

later this afternoon, but that the request was denied.

The attorney said he had not made up his mind whether he would submit the requested written evidence, "it would be a monumental job," or demand the hearing at a later date. He declared he hoped the supervisors would hear the evidence, then "take their counsel's advice for what it is worth, but make an independent determination themselves as to the validity of the claims."

Slaying Suspect Indicted By Jury

REDWOOD CITY (AP)—The San Mateo County Grand Jury last night indicted Alexander Robillard, 19, of San Francisco on a charge of murdering Hillsborough Policeman Gene Doran.

Doran was shot down on Skyline boulevard outside Hillsborough Aug. 5. Officers captured Robillard in Salt Lake City, Utah, three days later.

Reedlands Unit Passes Planners

A 30-acre proposed subdivision of the Reedlands, Inc., known as Reedlands Unit 4 and located on the Tiburon Peninsula, received approval of its tentative subdivision map at yesterday's session of the Marin County Planning Commission.

A staff report commented that the subdivision "has been carefully worked out, consistent with the high standards of engineer and developer and in cooperation with this staff."

Mill Valley Golf Course Bar Opposed

Some 15 residents whose homes are near Mill Valley's Municipal Golf Course added their weight to protests in writing from eight other Mill Valleyans last night as the city's Parks and Recreation Commission voted 6-0 against permitting a bar at the Municipal Golf Clubhouse.

Caterer-custodian Jacques Nadler had asked a favorable recommendation, contending his operation cannot be financially successful unless it follows the procedure set by other golf courses in serving mixed drinks. At present only beer is served.

Nadler presented a petition signed by 80 users of the course asking for a bar. Commission members who examined the document said that of the total number of signers, only 17 were from Mill Valley.

Nadler, however, commented that "the people who signed the petition are users of the golf course, which is not true of the protestants."

Chief argument of those protesting was that a bar "would change the character of the neighborhood from that which had caused them to locate there originally." They argued also that teen-age users of the golf course would be barred from a part of the city-owned facilities, which would be wrong.

Nadler presented his operating statement for the past three months showing a net profit of \$39. He contended this was evidence of his need for financial relief.

Kings County Tax Rate Zooms Up

HANFORD (AP)—Kings County, one of the few counties in the state which lowered property valuations for 1959-60, had its tax rate jolted upward yesterday.

Supervisors approved an increase totaling 50 1/2 cents, including advances of 43 cents in the general rate, two cents in the library tax and five and one half cents in the junior college levy.

The new rate will be 2.54 1/2 except \$2.45 within the city of Hanford, which has its own library district.

County Auditor Bea Hawes said the tax hike resulted from an increased budget of \$7,956,554, up \$600,000 from last year, and decreases in anticipated receipts, fund balances and property valuations.

3 Marin Sailors At Seattle Fete

Three Navy Men from Marin participated in the West Coast's annual Sea Fair Parade recently in Seattle, the Navy reported today.

Ens. John R. Thomas, son of Mr. and Mrs. John R. Thomas of 511 Tamalpais drive, Corte Madera, was aboard the store ship Aludra. Gerald D. Bliss III, radarman seaman, son of Mr. and Mrs. Gerald D. Bliss Jr. of 128 Greenfield avenue, San Rafael, was aboard the radar picket submarine Rock. Darrell L. Richards, seaman apprentice, son of Mr. and Mrs. E. W. Richards of 11 Bridge road, Kentfield, was aboard the radar picket destroyer Fletcher.

COFFEE BREAKS AT DESKS LOOM FOR COUNTY WORKERS

Coffee break, anyone? Don't ask that question too loudly around the courthouse.

The Marin County Board of Supervisors today referred a plan for installation of coffee machines to the county administrator. Coffee Clubs of San Francisco wrote the board a letter, at the board's request saying:

1. Coffee breaks are here to stay.
2. Our plan for putting vending machines in such places as the county clerk's office, the planning and public works departments, is good to the last drop.
3. Employees can have coffee at their desks, and time lost from work is at a minimum. (And, added County Clerk George S. Jones, the minority won't find time to slip off and do a little shopping.)

San Rafael's Tax Rate Officially Set At 96 Cents

San Rafael's city tax rate was officially set last night at 96 cents per \$100 assessed valuation, the same as last year.

The tax breaks down to 60 cents for general fund, 12 cents for park fund, 11 cents for library fund, 3 cents for Albert Field bond retirement and 10 cents for city employees' retirement fund.

Residents in Los Ranchitos, Loch Lomond and Parnow Annex will enjoy a still lower rate—93 cents. They escape the Albert Field bond redemption levy because those areas were not in the city when the bonds were voted.

Funds Voted For Guards At Crossings

Funds to provide school crossing guards at two Corte Madera intersections until Nov. 2 were appropriated last night by the Corte Madera Town Council.

A total of \$600 was earmarked for salaries of guards to be stationed at Tamalpais drive and Eastman avenue and at Redwood and Corte Madera avenues.

The council hopes by its Nov. 2 meeting to determine whether traffic lights would be feasible at the two intersections.

Town Atty. John B. Ehlen, not present last night, has advised councilmen that the Larkspur School District board appears to be on firm legal footing in its decision not to contribute funds for crossing guards.

The guards will be on duty from 8 to 9 a.m., 11:30 a.m. to 1:30 p.m., and 2 to 4 p.m. They will be paid \$2 to \$2.25 per hour, depending on their qualifications.

To License Contractor

SACRAMENTO (CNS)—The Contractors' State License Board announced it plans to issue a general building contractor's license to Frank W. Clark of Clark Construction Co., 9 Ashwood Court, San Rafael, if no protests are received by Sept. 1.

Corte Madera Sets Illegal Sign Deadline

The Corte Madera Town Council last night set Oct. 10 as the deadline for removal of two illegal directional signs advertising the Edgewater Inn and Bob's of Marin restaurant.

The unanimous decision to deliver an ultimatum to James Stockman, owner of the Edgewater, and restaurateur Bob Campbell came after 40 minutes of hemming and hawing over motions and amended motions.

Earlier, by a 3-2 vote, the council defeated a motion Walter S. Long calling for immediate removal of the signs.

Council unanimously approved erection of a directional sign at Tamalpais drive and Madera boulevard. It will direct motorists to the central business district, the Corte Madera Shopping Center and the freeway frontage road.

Larkspur Planning Body To Study Building Drawings

Architectural plans for a combined drug store and professional office building will be studied tonight by the Larkspur Planning Commission.

The plans will be presented by Dr. and Mrs. Russell J. Merrett of Kentfield, who last week won a zoning variance for the structure, to be built on a Magnolia avenue lot opposite Frances avenue.

Also on tonight's agenda is a petition by Dr. Francis L. Lucchetti for duplex zoning of property at 1 Eden street.

The commission will meet at 8 o'clock in Larkspur City Hall.

Marin City Meet Attendance Urged

All Marin City residents are being urged by the Marin City Tenants Council to attend a special meeting next Monday at 8 p.m. in the community lounge to discuss and vote on a proposal to reduce membership of the council.

Since the council's original formation membership had been set at 13, but decreases in project population has made such a large membership impractical, according to Council Secretary Doris Rochelle.

First Unit Of New School Finished Soon

A six-classroom unit which will be part of an eventual 14-room school at the foot of Wolfe Grade will be ready for occupancy early in November, it was reported to the trustees of the Kentfield Elementary School district last night by the architect, William Corlett.

At their meeting at Greenbrae School, the trustees awarded a \$1,145,000 fire insurance policy to Winthrop P. Watrous, Kentfield insurance agent.

The policy covers buildings and contents of the three district schools: Adeline Kent, Greenbrae and Wolfe Grade. Three other insurance agents applied for the policy.

In other action, the trustees:

1. Approved a master landscape plan for the three schools submitted by William Kapranos, landscape architect.

2. Set next Monday as the first day of a three day meeting with the San Rafael School district trustees for a review of new textbooks in spelling, science and health. Publishers' representatives will be present at the meeting.
3. Made final plans of a three-day orientation program for new teachers in the district beginning Aug. 31.

4. Scheduled a four-day arithmetic workshop beginning Sept. 23 to be headed by Robert Moore, assistant professor at San Francisco State College.

3 Economic Goals For U.S. Listed

WASHINGTON (AP)—A special cabinet committee has listed three economic goals for the nation.

The group, headed by Vice President Richard M. Nixon set these objectives:

1. Economic growth—a large and expanding output of goods and services;
2. Maximum employment opportunities in the job that suits you best;
3. Reasonable price stability.

Going To Camp

Deirdre McLoughry of San Rafael will join 69 other teen-age youths in the formal opening of the new 600-acre Camp Unalutay, Aug. 20-Sept. 2, in the Trinity Alps wilderness. The camp is a non-profit corporation dedicated to providing an inter-racial, inter-ethnic work and group living experience for youth.

IKE PROCLAIMS HAWAII STATE ON FRIDAY

WASHINGTON (AP)—President Eisenhower will formally proclaim statehood for Hawaii at 1 p.m. PDT Friday, the White House announced today.

Press secretary James C. Hagerty said the President at the same time will reveal the design of the new 50-star American flag.

Hagerty said Eisenhower would return to the White House from his Gettysburg farm for the proclamation signing ceremony.

San Rafael P.O. Needs Employees

The San Rafael Post Office urgently needs men to fill job vacancies in its postal clerk and letter carrier ranks, Postmaster Warren H. Williams said today.

Applications are being accepted for the positions, Williams said, and a special board of Civil Service examiners has been established for the area to speed up the testing and rating of applicants.

Applicants must reside within the delivery limits of the San Rafael Post Office and must have reached their 18th birthday on the date of filing application, which may be done immediately at the San Rafael Post Office.

Clerks and carriers earn \$2 an hour to start, and are eligible for automatic increases to \$2.42, with 10 per cent night differential.

Marin Summer Resident Dies

Mrs. Marini Minutoli, 69, a summer resident of Marin for more than half a century, died yesterday at Stanford-Lane Hospital in San Francisco after a long illness.

Mrs. Minutoli has been spending her summers in Marin at 1123 Sir Francis Drake boulevard, Kentfield, since 1900. She was the donor of the statue of Christ at St. Sebastian's Church, Kentfield.

She was a native of Italy.

She leaves a son, Joseph Minutoli, Greenbrae, owner of Travertine Co., and a daughter, Mrs. Angela Haines, San Francisco.

Funeral arrangements are pending at Valente, Marini, Perata and Co., San Francisco.

OBITUARIES

Death Takes Retired Postal Man

Henry Carl Geisenhofer, Marin resident since 1940 and a former employee of the Hull Valley Post Office, died today at a Kentfield rest home after long illness at the age of 67.

He retired from the post office in 1957 after 10 years service.

A native of San Leandro, he had formerly lived at 107 Wisteria way, Almonte.

He is survived by his wife, Frances, who is a patient at a convalescent home in Woodacre, and by three sisters, Mrs. Ida Hockins of Piedmont, Mrs. Mildred Howington of Montebello, Los Angeles County, and Mrs. Louise Crowell of Clearwater, Fla., and four brothers, Herman of San Francisco, Rudy of San Leandro, Albert of Santa Rosa and George of Oakland.

He was a veteran of World War I and was a member of Mill Valley Post 284, American Legion.

Funeral arrangements are pending at the Russell and Gooch Funeral Chapel in Mill Valley.

Rites Conducted For Philo Man

Funeral services were held yesterday for Greene C. Burke, 19, of Philo, who died Friday while visiting his daughter, Mrs. Rhea Neads, Mill Valley.

Besides Mrs. Neads, Burke is survived by a sister, Mrs. Nellie Stipp, Ukiah.

Funeral and burial were in Ukiah.

Chief Back On Job

Sausalito Police Chief Howard W. Goerndt is back at his post after two weeks vacation. Sgt. Stanley Kelly served as acting chief during his absence.

DEATHS

MCCARTHY—In San Anselmo, Aug. 16, 1959, Mary A. McCarthy, adored wife of the late Daniel F. McCarthy, loving mother of Daniel Francis McCarthy, beloved sister of James McBride and the late Anna Jorgenson; a native of California, aged 75 years.

Friends are invited to attend the funeral Wednesday, Aug. 19, 1959, at 9:10 a.m. from Keaton's, Fifth and E streets, San Rafael, thence to St. Anselm's Church, San Anselmo, where at 9:30 a.m. a Requiem Mass will be offered for the repose of her soul. Interment at Mt. Olivet Cemetery, San Rafael. Recitation of the Rosary at 8 p.m. Tuesday at Keaton's Chapel. (8-17-18)

Twin City Merger Study To Resume

Study of the proposed Larkspur-Corte Madera merger will be resumed next month by a newly appointed joint committee of Twin Cities officials.

First meeting is tentatively set for 8 p.m., Sept. 16, in Larkspur City Hall.

City Managers Ronald E. Piper of Larkspur and Arthur

Corte Madera Votes Budget Of \$308,389

The Corte Madera Town Council last night adopted a 1959-60 town budget of \$308,389.

Final adoption was unanimous, in contrast to 3-2 approval vote given the 1958-59 budget.

Action on a resolution fixing the new tax rate and an ordinance establishing revenue to be raised by property taxes was put off until an adjourned meeting scheduled for 8 p.m. next Monday.

The delay was requested by Town Clerk Naydeen Penny because the exact total of Corte Madera's assessed valuation has not been received from the county assessor's office. She said the information is expected this week.

At the end of last month's budget sessions, councilmen predicted a 15-cent reduction in the town's 1958-59 tax rate of \$1.48 per \$100 assessed valuation.

Their optimism is based on an expected rise of more than one million dollars in Corte Madera's total valuation and on council reductions of nearly \$20,000 in the budget originally proposed by Town Manager Arthur H. Brandow.

In other matters last night, the Corte Madera council:

1. Scheduled its first meeting of next month for Sept. 8 to avoid conflict with the Labor Day holiday Sept. 7.
2. Awarded Robert Smiley, San Anselmo contractor, a \$2,351 contract for remodeling the Corte Madera Firehouse. A new floor will be placed in the apparatus room and a new concrete ramp in front of the building. A second opening will be cut in the basement and new doors will be provided for both spaces. Two fire trucks will be housed below and two in the apparatus room, including a new one to be delivered next month.
3. Endorsed a modified accounting procedure outlined in a Brandow memorandum and designated Mrs. Penny as the official responsible for carrying it out.
4. Appointed Brandow and John Adlard, chairman of the planning commission, to a technical advisory committee on Bay Area rapid transit.

Southern Marin Rec Center To Build Windbreak

Work will start soon on an arbor-windbreak between the swimming and wading pools at the Southern Marin Recreation Center, according to Fred G. Dupuis, secretary of the board of governors.

Money for the project was voted at last night's board meeting. The arbor is the first step in a pool improvement plan submitted by the center's architects, Royston, Hanamoto and Mays, which includes shade trees, vines and an area for child care.

The board also voted to install a new barbecue pit and replace the leading to the picnic area.

Final Junior Teen Dance Scheduled

The San Rafael Recreation and Park Department will present "The Last Hurrah," the last dance of the summer junior teen night series, between 8:30 and 11 p.m. Friday at Santa Venetia School.

No admission will be charged. An orchestra will be provided by Local 6 of the American Federation of Musicians.

Lagunitas To Sign New School Pupils

Registration for students entering the Lagunitas School for the first time this fall will be held at the school tomorrow and Thursday from 1:30 to 3:30 p.m.

C. L. Fry, district superintendent, also announced that the district plans to hire a part time school secretary for the coming year. The new staff member would assist in bookkeeping, filing and other office duties, Fry said.

Ex-U.C. Cage Star Found Slain On Road

UKIAH (AP)—Perry Ten Eyck, University of California basketball star 30 years ago, was found bludgeoned to death on a highway on the Northern California coast yesterday.

Sheriff Reno H. Bartolome said today Ten Eyck was apparently struck from behind by a hitchhiker. The body was dumped alongside the highway where it was found by a truck driver.

TWO SUSPECTS

"We have two suspects in jail in Crescent City," the sheriff said. "One was found driving Ten Eyck's car and the other says he witnessed a murder in Mendocino County."

Ten Eyck was driving north from his home in Whittier to visit his ex-wife, Peggy, in Alameda. He never arrived in Alameda.

"I feel that he picked up a hitchhiker or hitchhikers and someone was in the back seat thinking he had a lot of money and hit him on the head twice with a sharp object," Bartolome said.

DIED IN AUTO

"The blows caused two lacerations and extensive brain damage. He probably died in the auto."

Ten Eyck, 51, had \$80 in his wallet when he left Whittier where he had been living with Mr. and Mrs. Harry Hartman. He was working in the Southern California city as a hospital orderly.

Ten Eyck, member of a well known East Bay family, was center and captain of the University of California basketball team in 1929.

Brown Won't Intervene In Nash's Execution

SACRAMENTO (UP)—Gov. Edmund G. Brown said today he will not intervene in the scheduled Friday execution of convicted murderer Stephen A. Nash at San Quentin Prison.

Nash, admitted murderer of 11 persons, was found guilty by a Los Angeles jury of the 1956 knife-slayings of John Berge in Long Beach and of 10-year-old Lawrence Rice in Santa Monica. He also was convicted of knifing Dennis Butler in Los Angeles' skid row in 1956.

Nash, 36, admitted after his arrest that he had slain eight other persons. Several of the killings—in Sacramento, San Francisco and other parts of the state—have been verified by police.

"I am concerned that our laws allow a man as obviously dangerous as Nash to be released and to escape further restraint simply because we lack adequate controls," said Brown at his news conference.

Nash has a long history of offenses. He underwent psychiatric examination in 1948 and was studied in 1955 as a sexual psychopath.

In each case, Brown said, the existing law provided for only a limited inquiry into the possibility that the subject might prove dangerous and made no provision for further detention. Brown said the doctors found

Rumors Of Sea Peril 'Mixup,' Says Marinite

Harold R. Evans of Marshall today termed rumors of his being at sea, "just a big mix-up."

The reports said Evans, his wife Margaret and their 12-year-old son were safe aboard the 38-foot sailing vessel Tide after "appearing to vanish after crossing the Tillamook Bay bar into the open Pacific" 60 miles south of Astoria, Ore.

Coast Guardsmen at nearby Pt. Adams, at the mouth of the Columbia River, had reported that the Tide took off after trying up. Apparently they gave Evans a warm reception when he finally docked at Warren-ton.

But Evans, in a telephone call to his Tamales Bay Boat Shop, stressed that there had been no danger and that the whole affair stemmed from misunderstanding.

The Evanses have been taking the Tide, recently moored at their boat shop in Marshall, up to its Seattle owner, Albert H. Doane.

Still Learning At 93

ATOKA, Okla. (AP)—At 93, John Mason has bought a new set of an encyclopedia to increase his knowledge.

San Rafael Forgery Suspect Faces Trial

A San Rafael man, recently discharged by MAC discount house after shortages were found in the accounts of the service station he managed for the firm, will go on trial Aug. 25 at 1:30 p.m. on a charge of forgery.

John Whitlock, 37, a six-foot 200-pounder, is charged with cashing a \$50 check last week, bearing the signature of Roland F. Crawford on an account which no longer existed.

The check, payable to the United Markets, was drawn on the First Western Bank of San Rafael. Crawford, also a MAC employee, had closed his account at the bank last January 19.

Whitlock was picked up by San Rafael police for questioning last Saturday after Crawford reported his wallet and papers missing and remembered he had laid them down near the cash register at the MAC service station. Crawford told police that Whitlock, although discharged, was around the station at the time he missed his wallet.

Found under the seat of Whitlock's car following his arrest were the wallet and identification papers of Crawford. Also discovered in the car was

a check book from the First National Bank in San Rafael with 12 checks missing; a book from the San Rafael Bank of America with one blank check torn out, and an American Trust check book with four checks removed.

Whitlock denied all knowledge of the forgery, but Charles E. Chandler, an employee of United Markets, identified him as the man who cashed the check in question. He was also tentatively identified by Robert Norman Sadler, Bon Air Supermarket employee, as the person recently cashing a similar check there, also bears Crawford's signature.

Whitlock was recently discharged from MAC when a shortage of \$270 was reported in the accounts for which he was responsible, police said.

Whitlock gave his address as 162 Belvedere street, San Rafael.

Steering Early

OKLAHOMA CITY (AP)—Police cited Aubrey Price, 39, for permitting an unauthorized person to drive.

Price was charged with letting his 13-year-old son drive a huge road grader and tractor.

Larkspur On Right Track In Planning Boat Harbor

Larkspur's Recreation Commission is going ahead with plans for developing a 100-berth municipal boat harbor on city-owned marshland adjacent to Corte Madera Creek.

This is an ambitious understaking. Mill Valley already is up to its neck in a similar project. We commend them both for their foresight and their perseverance.

We nostalgically recall when San Rafael had a municipal boat harbor, too. Back in September 1949 we applauded in this space a move by Sausalito to construct its own harbor. We cited the fact that San Rafael was toying with the idea of expanding its facilities and that the operation of the city's harbor had been highly successful.

We spoke too soon. Less than five years later we were urging San Rafael city council not to "liquidate the city's assets" by selling the yacht harbor. Our words went unheeded.

Today the harbor has been filled in.

Most of it is a parking lot for a line of stores. San Rafael wishes she had a yacht harbor.

So we are happy when we see communities and private individuals investing in small boat facilities. Efforts like those being put forth by Mill Valley and Larkspur, and private accomplishments like the new McCarthy harbor at Loch Lomond and San Francisco Yacht Club's improve facilities at Belvedere, pay off.

They pay off to government in assessed valuation of boats berthed there, in new businesses to serve the yachtsmen, new jobs of boat service, sales and equipment, and people who bring their boats — and their money — to Marin from elsewhere.

This does not mention the fun, pride, and excitement that boating brings to the people who have boats. And the more berths there are available, the more people can enjoy boating.

Keep up the good work, Larkspur, you're on the right track.

THREE MINUTES A DAY

By JAMES KELLER

THE ONLY LETTER

A Congressman from the State of Washington had the entire letter of one of his constituents inscribed in the Congressional Record. Not only was it an intelligent support of an important measure, but it was the only letter he received.

Legislators, educators, newswriters, broadcasters and others in positions of influence often have difficulty finding out just what the average good person wants. They seldom hear from him.

Consequently, they often must base their judgments on their own ideas alone or on the one-sided opinions sent in constantly by those

with selfish, questionable or disloyal objectives.

Remember that if you fail to make your voice heard, you may be giving unwitting support to the very viewpoint you oppose.

God has entrusted you with good ideas. But He doesn't want you to keep them to yourself. He expects you to apply them to a world very much in need of them.

"In this is my Father glorified: that you bring forth very much fruit." (John 15:8)

Let me show my gratitude for the blessing of liberty, O Lord, by fulfilling my duties to maintain it.

HAL BOYLE'S COLUMN

Venus Was Fat Pig, Says Kingpin In Foundation Garment Business

NEW YORK (AP) — "The Venue de Milo was a fat pig," said Henry Plehn, a man with all the figures on women's figures.

"When I went to the Louvre I found she really had only a moderate-sized bust. But she was far, far too full-waisted."

"She may be the Greek classic ideal of feminine beauty. But she doesn't by any means have what the present day would call a perfect figure."

Plehn is a kingpin in the nation's 750-million-dollar foundation garment industry which expects to hit the billion-dollar mark in another few years.

There is more to the brasier field than meets the eye. Foam rubber, for example. "Last year the industry used 10,200,000 pounds of foam rubber," said Plehn.

"About 65 per cent of American women now wear falsies, or contour cups — as we prefer to call them."

The desire for a large bust-

line is by no means strictly a U.S. phenomenon. It has become a worldwide obsession, according to Plehn, who distributes his produces in 44 countries from Finland to South Africa.

"Some psychologists see the fuller bosom only as a sex symbol. But there is much more to it than that. A large bosom always has been a symbol of security, and that's why I feel it is more popular now. We have never lived in a more insecure world."

A tall, handsome man with graying hair and bright blue eyes, Plehn has toured the globe, presumably with tape measure, to make a first-hand poll of the shape women are in.

Here are a few of his conclusions:

"The average U.S. woman has the best figure in the world — when she's dressed — because she spends more money on it and spends more time making it better. She buys seven brassiers a year.

"ACTUALLY, she has only about a 33-inch bust. She says publicly she'd like to have a 34-34-34 figure, but in her boudoir thoughts she yearns for at least a 36-inch bust."

"In Sweden, Germany and Italy, the girls do have 36-inch busts, but they tend to look heavy-waisted because too few of them wear girdles."

"French women have the smallest busts in Europe — about 32½ I'd say. The Oriental women wear the smallest brassier size of all — 30."

PLEHN HAS learned so much about women he is a bit disillusioned.

"They're phonies," he said, cheerfully. "They all say they dress to win the approval of other women, not men."

"That may be true of their underwear. But when it comes to underwear, they dress to make themselves more attractive to men."

REMEMBER WHEN

10 YEARS AGO

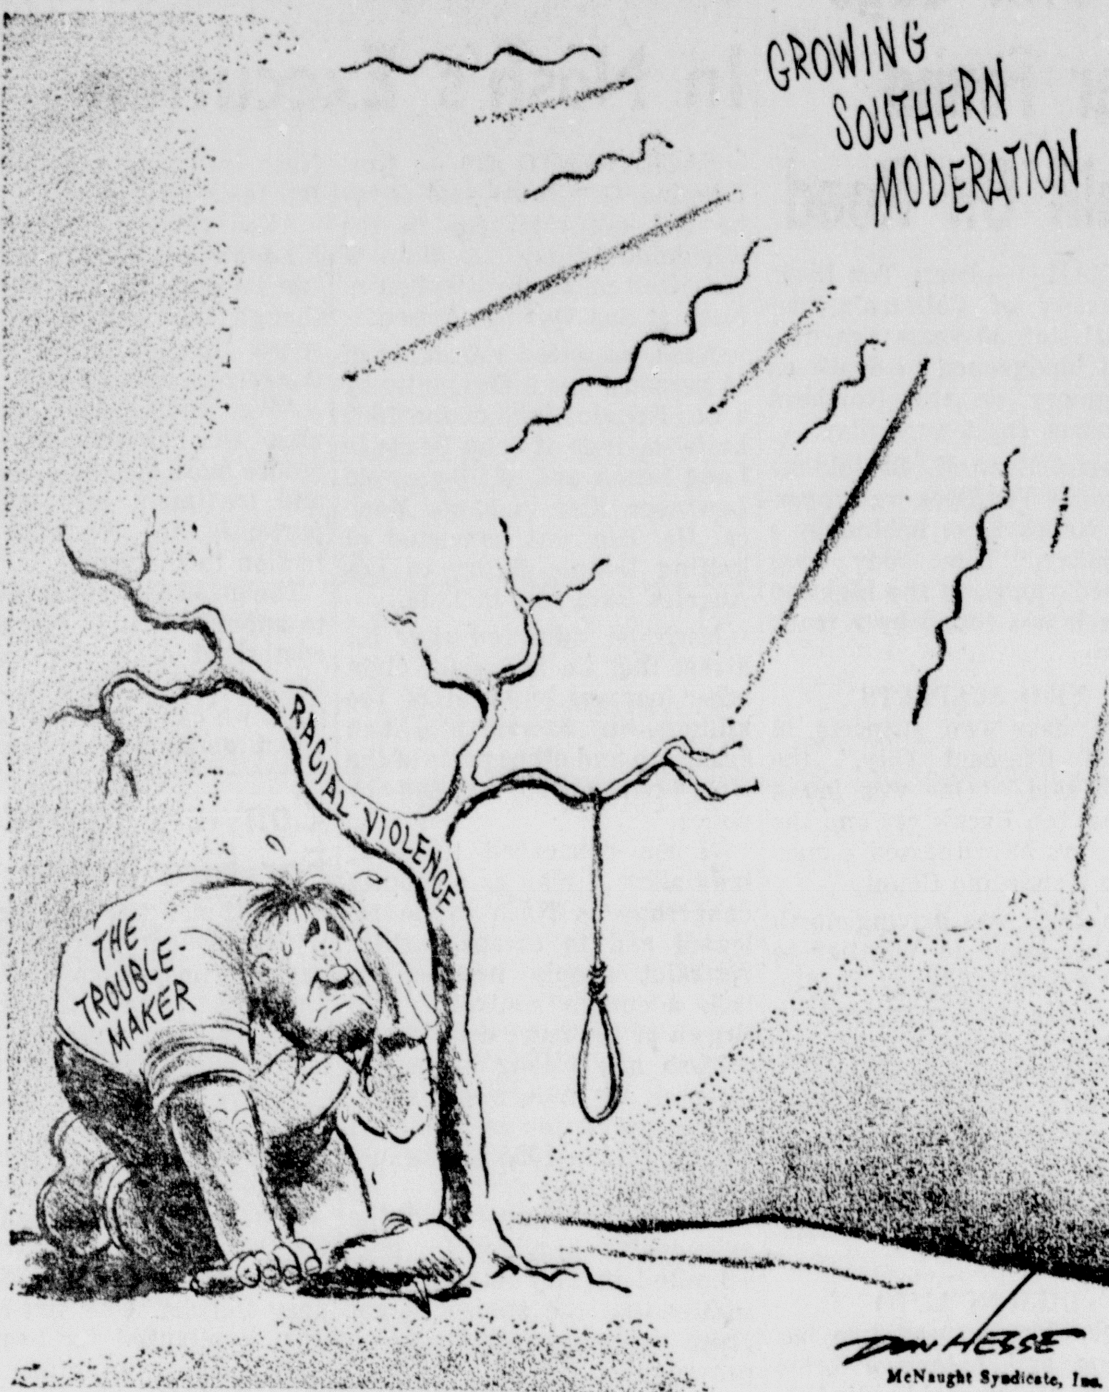

The Corte Madera Town Council decided it would cost you \$50 or five years in jail the first time you run a stop sign or red light; second offense \$100 or 10 days in jail; third time it could be both \$300 fine and three months in pokey. These, however, were maximum, and easier punishments were expected.

20 YEARS AGO

Fairfax Cascades District, one of the most popular deer hunting areas in close proximity to Marin cities, was to be permanently closed to all shooting as a result of the action of Gov. Cuthbert L. Olson in signing a bill redefining the boundaries of the Mt. Tamalpais Game Refuge.

San Rafael's city council voted to expand the municipal yacht harbor from 34 to 76 berths, due to requests of boat owners for greater space.

WHAT OUR READERS SAY

Quick-Draw Craze No Place In Sports

EDITOR, Independent-Journal:

Enclosed is an editorial from the American Rifleman on the quick-draw craze.

You may be able to use it to good effect in Marin County.

H. O. PETERS
Firearms Instructor
Marin County

San Rafael

(NOTE: Reader Peters enclosed the editorial, "The Quick-Draw Craze," published in American Rifleman and reprinted in Outdoor California, monthly publication of the State Department of Fish and Game. The lengthy editorial said in part:

"The quick-draw craze is sweeping America. With it goes a mounting number of foolish and needless gun accidents."

"Due to the tremendous upsurge of interest in western television programs, fast-draw gun-slinging has flourished and caught the fancy of young and old alike. . . .

"Unfortunately, safe practices are not followed in many cases. Because of the excessive enthusiasm for this activity, too many uninformed or indifferent people are practicing fast-draw with live ammunition. The newspapers are reporting more and more gun accidents. (There have been several in Marin.)

"Most of these accidents are self-inflicted wounds which result from the gun-slinger being quicker on the trigger than he is on the draw. . . .

"A more serious and often fatal situation arises when another person is involved. . . .

"It is true that the ability to draw quickly has its important place in police work. It also is true that we could not object to the legitimate use of firearms for recreation. At the same time people who try to emulate the cowboys in westerns must be made to realize that western-style fast-draw gun-slinging, with live ammunition, is a dangerous practice and has no place in marksmanship training or sport shooting. . . ."

Prettier Miracle Mile Suggested

EDITOR, Independent-Journal:

During my recent world tour, I returned home via America and had the pleasure of visiting Matthew Hansen of San Anselmo.

I was very impressed by the degree of civic pride which he evidenced in the district particularly regarding the "Miracle Mile" which passes through the township of San Anselmo.

I admired the beauty of this particular area, but after seeing the beautiful main roads

in Europe I was disappointed that the "Miracle Mile" was left in a condition that seemed to be a state of incompleteness.

What is required is the filling in of the ditch separating the roadways and the planting of small shrubs which would no doubt be willingly done by the residents under the supervision of our good friend Matthew Hansen. This would make the "Miracle Mile" into a really beautiful spot like the famous "Auto Bahn" of Belgium and Germany. This famous road will be about 700 miles long when finally completed. Between the dual roadways there is a strip of garden running the whole length which is planted with evergreen shrubs and dwarf trees that is really beautiful to look upon.

I was particularly impressed with the "Hansen Falls" which Mr. Hansen had constructed at his former home; this is certainly a splendid contribution to the beauty of the district of which Mr. Hansen is intensely proud.

What fascinated me most was the similarity in many respects of California to my home city of Sydney, and you can no doubt appreciate my agreement with Matthew Hansen in his desire to further the beauty of the "Miracle Mile."

Double Sessions Both Places?

EDITOR, Independent-Journal:

Your report on the decision of the San Jose School trustees to not favor unification was quite correct in all but one instance.

I did not say that Novato School District would have double sessions next year and San Jose District would not. What I said was that with

the exploding population there was a very good chance that San Jose District would have some double sessions and that perhaps Novato District might also be in the same spot.

ALAN M. SWABACKER
Novato

CASTRO'S CUBA TODAY

Liberty Is Only On The Surface

(NOTE: William L. Ryan, Associated Press foreign news analyst, has just conducted a new survey of developments in Cuba since he was last there as the Batista dictatorship collapsed.)

By WILLIAM L. RYAN
HAVANA (AP) — It can be unwise for a Cuban to be careless about questions nowadays.

He might ask casually of the wrong person: "How do you think things are going these days?" and be told partly: "That's a counter-revolutionary question."

El Jefe Maximo (the top-most leader) of the revolution, Prime Minister Fidel Castro, has a strange idea of democracy. To him Cuba seems to represent the purest form of Athenian democracy because the crowds come out at his beck and call to cheer for his leadership.

Castro rails against dictatorships in Latin America, and it is likely he is completely sincere in believing himself a champion of liberty.

ON THE SURFACE there's liberty in Cuba.

A man can talk openly if he chooses. But if he is overheard, he can be in trouble. A newsman can print what he wants without a cen-

REPORTER'S NOTEBOOK

By WILLIAM L. EARLE

What's All This About Teacher Shortage? Tam District Wonders

Tamalpais Union High School District is not exactly hard put to find applicants for teaching positions, judging by a report released last week.

Mrs. Ann d'Alvy, district personnel secretary, disclosed that 427 applications were received for only 29 credentialled positions at Tamalpais, Redwood and Sir Francis Drake High Schools. That's more than 14 for each opening!

It's nothing new to the district, though. Give or take a few, the same ratio of applications to openings has been maintained over the past few years. How those teachers love Marin!

You want more statistics? No? Okay, here they are:

Of the original 427 applicants this year, 344 moved on to the second phase of having placement bureaus send confidential files to school principals; and of these files, 300 came from California bureaus and 44 from bureaus in 18 other states.

By the filtration process, the teaching positions finally were filled. Six of the successful applicants were referred by the University of California Placement Bureau and six by the S.F. State College Bureau. USF placed five; UCLA and San Jose State, two each, and Stanford, USC and PU (Portland University, that is), one each.

Don't ask us where the re-

maining five teachers came from. We haven't the foggiest idea.

HIL PROBERT, Larkspur used car dealer, did a double take last Friday after glancing at the postmark on a letter he received from San Francisco. It was dated Sept. 10, 1959. Last Friday was Aug. 14, 1959.

"That," said Probert, "is what I call good service. They have gone all out to get us our mail even before it's written."

WE WON'T VOUCH for the truth of this, but it's rumored that John Oglesby, Larkspur city engineer, has offered state highway engineers in Sacramento a fair swap: one bridge for two approach roads.

The Oglesby-designed Bon Air Bridge between Larkspur and Greenbrae still needs one approach (from Larkspur) before it can open.

Above Oroville in Butte County, the state has two super-duper approach roads leading to the brink of the Feather River Canyon, but no bridge connecting them. The Legislature never got around to appropriating funds for a span.

What Oglesby is said to have proposed for a swap should be obvious by now.

MRS. HARRY N. HENSLE of Ross was one of several grand jury committeemen who sat in on the last meeting of Marin General Hospital directors. Toward the end of the session, much to her surprise, the board selected Dr. Harry N. Hensler as the hospital's new chief of staff.

It was surprising because Mrs. Hensler had been unaware that her husband was under consideration—or even interested in the job.

It was also slightly embarrassing. In the time it takes to snap your fingers, she had been placed in the position of being a grand juror assigned to investigate the institution of which her husband was chief of staff.

Mrs. Hensler can relax, though. So can Dr. Hensler. The investigation is a friendly one.

parent who refused to enroll his son in the organization got a furious reaction and says he expects unpleasant consequences.

Other ominous portents include the notion of many workers, including some sugar cane campesinos that the revolution permits them to strike at the drop of a hat for the most outlandish demands. While this may be a temporary phase springing from workers' glorying in unaccustomed freedom, it is being used by Communist agitators to foment restiveness.

IN SOME AREAS Communist-infiltrated unions now are sufficiently powerful to become a clearing-house for the labor force with full control over job assignments and wages.

These are only symptoms. Perhaps much of this will be overcome. On the whole, even among the harrassed middle class, there is much well-wishing for Castro's revolution, and much confidence it will succeed in the long run despite gloomy portents.

TOMORROW: Hope Amid Confusion.

The Country Parson

"We must not lose faith when progress is slow — even God doesn't produce a giant tree overnight."

LITTLE TRAIN, BIG TRUCK RIG MEET WITH A BANG IN WILLITS

WILLITS (AP) — Mendocino County's little pet railway, the Skunk, is a one-coach, narrow-gauge train which shuttles daily over an old logging line between here and Fort Bragg on the coast, 40 miles down a crooked canyon. It is beloved by tourists, camera fans and antique railway aficionados.

Yesterday a big truck-trailer rig was rolling down a street in the middle of Willits when its driver, Grady Harris of Ukiah, looked down out of his cab and saw the Skunk's nine-foot diesel engine about to ram the rear of his truck, loaded with 38 tons of wood.

There was a crash. The Skunk was derailed. Ten passengers were released after hospital treatment of minor injuries.

A crane lifted the Skunk back on the track.

Butler Wins Ticket Battle; L.A. To Keep Demo Conclave

LOS ANGELES (AP) — The ruckus over tickets has ended in a complete victory for Democratic National Chairman Paul Butler—and Los Angeles will keep the 1960 party convention.

Butler threw the prestige of his office into a showdown over seating with wealthy oilman Edwin C. Pauley. The dispute almost cost this city its first major political convention.

Pauley bowed out yesterday as finance chairman of the host committee and the old committee was disbanded.

Pauley had insisted the committee was promised 5,000

Sheriff's Marine Unit Files Incorporation

SACRAMENTO (CNS) — Secretary of State Frank M. Jordan announced the Marin County Sheriff's Marine Patrol, Inc., has filed articles with his office to form a non-profit corporation.

The group listed its directors as Louis P. Mountanos, 34 Cazneau street, Sausalito; Scott Waterman, 303 Palm avenue, Kentfield, and Guy Gibbs, 664 Plum street, Novato.

Heavy Rains Block Roads; 4 Men Missing

NEEDLES (AP)—Four railroad section hands were missing today and hundreds of motorists marooned by a desert cloudburst that flushed out highways and bridges east and west of this Colorado River community.

Six members of a Santa Fe Railway road crew dispatched to check a rail washout 15 miles north of here last night were swept away by waves 10 to 15 feet high that overturned their truck.

Two of the men, later were found and taken to Needles Municipal Hospital.

A Santa Fe dispatcher said the missing men possibly were drowned in the swirling floodwaters that flashed down desert canyons.

East and westbound trains of the Santa Fe system were rerouted around the stricken area.

An inch of rain fell in the area during the cloudburst.

San Rafael Refuses Funds For Sprinkler

If the grass grows green on the newly leveled two-acre recreation area at San Pedro School, it'll probably be because members of the San Pedro Dads Club water it by hand. At least, it won't get watered with an automatic sprinkler system purchased out of San Rafael city tax monies.

The city council turned a deaf ear last night to a fervent plea by Roland D. Hellman, spokesman for the Dads' Club, that the city contribute \$1,500 toward cost of an automatic sprinkler system. The San Rafael Elementary School District has agreed to put up \$1,000, he reported.

The Dads' Club has spent \$2,000 developing the area, said Hellman, and has hauled in more than 2,000 yards of top soil.

The school district has agreed to maintain it, he said. And it would give the area all the way from Loch Lomond to McNear's Beach a recreation center.

Said Councilman Fred E. Jensen: "If we give it to them, we should give it to all the schools."

"Or to any other private organization that wants to do something it thinks might improve the city," added Councilman Charles W. A. .

"The proposed improvement is outside the city limits," pointed out City Manager Dan E. Andersen.

"What you're really asking," Mayor John F. McInnis told Hellman, "is for us to put up money for an improvement on land we don't own because the school district can't afford it. . . . As a matter of policy, I think it would be very poor for us to begin such a program."

"Well," said Hellman after the turnaround, "I tried!"

Also at last night's San Rafael City Council meeting: 1. Insurance man Edward Wachsmann criticized the employees' health insurance program through California Physicians Service which the council approved last week. But he was told the program was of the employees' choosing, and besides, "the die is cast" so his objection came too late.

2. An amendment to the zoning ordinance received final passage.

3. Budgeted salary increases for city employees were approved.

4. Public hearing on closing part of Watt street to permit expansion of the Coleman School was set for Sept. 8.

5. Bids were called for Sept. 8 for demolishing three old houses and removing trees from the site of the city's fourth offstreet parking lot at Third and Cliss streets.

6. A stop sign was authorized at Grand and Villa avenues, on petition of 28 residents and with approval of the city traffic commission.

7. Abandonment of a proposed street in Loch Lomond was approved, with the city to retain a walkway area.

8. Public Works Director Norris Rawles was authorized to re-route traffic on portions of Second street and Francisco boulevard during construction of a trunk sewer. Rawles said the work probably would take about a month, but will not be started for about two months. Portions of both streets will be made one-way during the construction.

9. Six firemen were promoted to the new rank of fire department engineer. They are Ernest Camporelli Jr., Donald M. Christensen, Robert H. Franzel, Paul W. Sasse, George R. Schaefer and Raymond J. Taylor.

10. Warrants totaling \$15,748.61 were approved.

All actions were unanimous by the four councilmen present, Louis H. Baar was absent, on vacation.

House Passes Bill On Indian Land

WASHINGTON (AP) — The House yesterday passed and sent to the Senate a bill authorizing the allotment of tribal land on the Agua Caliente Indian Reservation in Palm Springs, to members of the tribe.

The Interior Department estimated each of the 100 surviving Indians would receive at least \$350,000 worth of land, some of it in built up sections of Palm Springs.

TUCSON, Ariz. (AP) — A purse containing \$225 in cash and a \$150 gold compact was stolen during a party at a Tucson home.

Several guests said they saw a young man calmly rifling the purses but thought he was just a son of one of the party goers.

Contract For Lincoln Ave. Extension Still Held Up

The City of San Rafael awarded a contract for surfacing of portions of 40-odd streets last night, but couldn't award one for the Lincoln avenue extension.

Reichhold and Jurkovich of San Pablo, lowest of eight bidders at \$92,060, received the contract for "preventive maintenance" resurfacing of a long list of city streets. The bids were closely grouped, with A. G. Raich Co. of Berkeley high

at \$105,665.

The council will try again at 11 a.m. tomorrow to award a contract for the Lincoln avenue extension. Mario Ghilotti, speaking for Ghilotti Brothers, low bidder on the project, said the firm can stand behind its bid only a few days longer.

One owner of property along the proposed extension, which would run Lincoln avenue through the former Little League park to curve and con-

nect with Irwin street, is holding up the contract. All property owners except LaTerra Corp. (partly owned by the Ghilottis) have agreed to a program for sharing costs worked out with city representatives.

Paul Ciampi, representing the property owners, last night presented the council a proposal from LaTerra Corp. for deeding a 10,200-square foot strip of land along the proposed route, in exchange for being relieved of \$11,222 in costs. City councilmen rejected the proposal. Ciampi said he would try again for a proposition to place before the council at its special meeting tomorrow.

CHAMBER SECRETARY AS LIBERACE

Richard L. Shirley, secretary-manager of the San Rafael Chamber of Commerce, entered a Buick automobile contest on "I like Buick best because . . ." He hoped to win a new car, but instead, he won a Wurlitzer electronic piano—a new type of 64-key piano which substitutes reeds and pitch pipes for strings, with electronic

amplification. Cline Piano Co. of San Francisco installed the piano yesterday in Shirley's home at 570 Pine-wood drive, Marinwood. Shirley's wife, Hortense, and daughter, Bonnie, 13, both pianists, are away on vacation. And, bemoaned the chamber secretary, while making like Liberace, "I can't play a note." (Independent-Journal photo by Bob Hax)

San Rafael Council Spurns Attorney's Plea On Tract

A San Francisco attorney tried for nearly two hours last night to convince the San Rafael City Council that a subdivider should be permitted to end his subdivision at the curb line to escape putting in a major street.

The attorney, Bob Tallman, speaking for developer Calvin C. B. Wheeler, got a 4-0 turnaround. Councilman Louis H. Baar was absent.

The city planning commission had rejected Wheeler's tentative map for a 70-lot Terra Linda Meadows subdivision in the newly annexed Freitas ranch lands. (The county planning commission turned down the same map several years ago.)

Wheeler appealed to the council.

The planning commission's principal reason for the rejection was that the subdivision ends at the edge of what would be an extension of Freitas parkway. The city engineer and city planner proposed that

Wheeler be required to dedicate to street use, and improve, one-half of the parkway width for the 1,100 feet it would extend to pass his lots.

Tallman argued long and earnestly that the 1,100 feet of additional parkway would be of no benefit to Terra Linda Meadows, since the subdivision would have no direct access onto it. He said if Freitas Parkway were extended over the ridge to connect with Butterfield road in Sleepy Hollow—as it is proposed to do eventually—it wouldn't help the dwellers in Terra Linda Meadows.

He presented a series of witnesses to back his point. They included Rolland Hammond, San Rafael architect and land planner who laid out much of Terra Linda.

But the council was much more impressed by the simple argument of City Atty. Albert E. Bagshaw: All of Freitas parkway from Highway 101 to its present end has been built at the expense of the sub-

dividers; Wheeler shouldn't get a free ride.

After patiently listening until 10 p.m., the council unanimously passed a motion by Councilman Fred E. Jensen that the appeal be denied and the plan be referred back to the planning commission for possible compromise.

New Air Mail Stamp On Sale

A new seven-cent air mail stamp, commemorating the 100th anniversary of the first air mail, went on sale at the San Rafael Post Office today.

The stamp, in red, white and blue, pictures the balloon Jupiter, in which John Wise carried mail on an ascent at Lafayette, Ind., Aug. 17, 1859.

The new adhesive is in vertical format of the "special delivery" or large commemorative size.

Giants Again Rally To Stretch Their Lead In Pennant Chase

By ASSOCIATED PRESS

A bunch of Willies-come-lately these San Francisco Giants, what with Willie Mays, Willie McCovey or Willie Kirkland coming through in the late innings to keep 'em out front in that National League pennant chase.

Since taking over first place on July 30, the Giants have won 12 of 17 games—and in 9 of those victories they didn't score the clincher before the seventh inning. Fact is, in the nine late comebacks, two were won in the seventh, three in the eighth, two in the ninth and two in extra innings.

Kirkland's done the job three times, Mays and McCovey twice each.

It was that way again last night as the Giants came from behind with five runs in the last three innings for a 6-3 victory over Cincinnati that gave San Francisco a three-game bulge. Mays drove in the run that tied it 3-3 with a sacrifice

pinch single by McCovey got fly in the seventh inning. A the winning run home in a two-run eighth.

That added a half-game to the Giants lead as second-place Los Angeles split a two-night double-header at Milwaukee, winning 4-3 after losing 8-1 to the third place Braves, who trail by four games.

Pittsburgh beat the Chicago Cubs 7-6 in a battle for fourth place, and St. Louis defeated Philadelphia 5-4.

In the American League, Detroit made it a three-game sweep over Cleveland, winning 5-4 and dropping the second-place Indians 3½ games behind the Chicago White Sox in the only game scheduled.

Winner Stu Miller (7-6) and Sam Jones blanked the Reds on one hit over the last four innings in relief after starter Mike McCormick was chased in a three-run fifth. The Giants tied it with two in the seventh against loser Jim O'Toole (2-7)

on singles by Jackie Brandt and Jim Davenport, an error and Mays' fly.

They put it away in the eighth on the first of Felipe Alou's two doubles, a hit batter and singles by Ed Bressoud, McCovey and Brandt.

The Giants, still ahead by three although winning only two of their last five games, now have won 13 of 19 from Cincinnati this year.

A seventh-inning home run by Don Zimmer, his fourth, did it for the Dodgers in the nightcap after they had caught the Braves with three runs in the fifth, two of them unearned. Johnny Podres (10-7) won it with five innings of four-hit, shutout relief. Bob Rush (5-4) was the loser in relief for the Braves, who scored their three in the first inning against Stan Williams.

Milwaukee backed a seven-hit performance by Bob Buhl (10-8) with three home runs in the opener. Joe Adcock's 17th came with a man on in a three-run first inning against loser Sandy Koufax (6-3), who also gave up Ed Mathews' solo 34th in the second inning. Hank Aaron, who missed two games because of back trouble, was 4-for-5 in the opener, including his 31st home run.

The Pirates, who trailed 4-0 after three innings, took the lead in a three-run fifth triggered by Rocky Nelson's two-run homer, then needed a walk, Bob Clemente's single and an error to break a 6-6 tie in the seventh. Ernie Banks drove in three runs for the Cubs, two with his 37th home run, good for the major league homer lead.

Curt Flood drove in three runs for the Cards, counting the clincher in the sixth with a sacrifice fly against loser Ray Semproch (3-9). Wilmer Mizell (12-7) beat the Phils for the fifth time without defeat this year, but needed Lindy McDaniel's relief after he had them blanked on three hits for eight innings.

In area, Brazil is 15 times larger than France. Each has about 42 million inhabitants.

49ers Begin Preparing For Packers

MORAGA (P)—Five San Francisco 49er rookies returned yesterday from the All Star Game and took their physical examinations as the squad cut seven others.

Practice started today for the exhibition here Sunday against the Green Bay Packers. On hand were 33 veterans and 17 rookies.

The five All Stars returning: quarterback Bobby Newman, halfbacks Eddie Dove and Dave Baker and linemen Frank Geremia and Dan James.

Cut Monday: Halfback Jack Hayes, Trinity College, Tex.; tackle Jack Bolton, College of Puget Sound, Wash.; halfback John Brown, UCLA; guard John Jankans, Arizona State (Tempe), and halfback Mike McCluskey, University of Washington.

Sperm whales, which breathe air, can stay under water for an hour or more.

FIRST TIME

Eddie Fisher Faces Cincy

CINCINNATI (P)—San Francisco's battered Giants are sending out rookie Eddie Fisher to pitch tonight against Cincinnati and Don Newcombe, who is one of the biggest hurdles in their path toward a pennant.

Three new names were on the Giants' casualty list after their 6-3 victory last night over the Redlegs. Jim Davenport wrenched a knee in a collision at the plate with Cincinnati catcher Ed Bailey and catcher Bob Schmidt and pitcher Stu Miller were hit by Jim O'Toole's pitches. Davenport is to get X-rays.

Fisher has a 2-3 won-lost record and has not worked against the Redlegs. Newcombe, who has a 10-6 mark, beat the Giants four straight times before they finally pinned a defeat on him in 10 innings Aug. 9.

New League Picks Rickey As President

NEW YORK (P)—Branch Rickey today was named president of the Continental League, the embryo third major league baseball league.

Rickey, 78, chairman of the Pittsburgh Pirate baseball club's board of directors, said he accepted the job as a challenge and promised that the new league would be in operation in 1961.

He will sell his 958 shares of Pirate stock back to the club for \$200,000. The arrangements were approved by Ford C. Frick, commissioner of baseball.

New York City is expected to be the heart of the new league. Other cities lined up by Shea are Houston, Minneapolis, St. Paul, Denver and Toronto. It is believed he also has applications from San Diego, Portland, Seattle, Buffalo, Miami, Montreal, Dallas, Fort Worth and San Juan, Puerto Rico.

NEEDED: 50 ELECTRICIANS

SAN FRANCISCO (P)—Fifty more electricians are needed to get Candlestick Park going.

Charles Fohn of the Electricians Union says, "We need 40 or 50 more electricians if we're going to get the stadium finished for a World Series this year. We've looked all over and we simply can't find enough electricians."

MARIN ROD AND GUN CLUB MEMBERS redeck fishing pier at Point San Quentin. Work is progressing at

a rapid pace and should be completed within the next month providing the volunteer help continues to do their part. (Ciucci photo)

RE-DECKING JOB

Club's Pier Busy Spot These Days

The busiest "beehive" in Marin is at the Marin Rod and Gun Club pier at Point San Quentin.

During the past two weeks club members have turned out in goodly numbers to help redeck the fishing pier.

Last Saturday and Sunday nearly 25 men nailed down the decking and installed the new guard rail. At the present time the decking is completed over the half way mark, and by Sunday it is expected that the guard rail will be completed to that point.

It is hoped, with the present cooperation that the pier will be finished in the next month.

We need help—during the week for workers to help install the guard rail.

Aged Citizens Soon To Need No Licenses

Under legislation recently signed into law by Gov. Edmund Brown, which becomes effective Sept. 18, 1959, a new group of California's aged citizens becomes eligible for free sportfishing licenses.

The law provides for the issuance of free licenses without license stamps to women over 62 and men over 65 who have lived in this state for the past five years and whose total monthly income from all sources does not exceed \$140 per month.

These free licenses will allow ocean fishing only. For taking warmwater fish and trout the necessary stamps must be purchased.

Under present regulations, only those persons receiving aid under the California Old Age Security Law may receive free licenses.

Application forms for all types of free licenses will be available at license agents shortly before Sept. 18. The forms are to be sent to The California Department of Fish and Game, 722 Capitol Avenue, Sacramento, where the licenses are issued.

The smallest mammal in the world is the dusky shrew. It is found over much of North America and is common in some places in California.

WEATHER POOR

High Winds Hurt Fishing Past Month

High winds and rough weather has hampered striped bass and salmon fishing the past month.

On days when the bay waters are calm, good fishing has been had at the San Rafael-Richmond bridge on the Marin side. McNear's Brick Yard, Marin Islands and the Sisters. Some stripers have been taken on the flats trolling.

Salmon fishermen have had very few days of good weather. However, fish have been taken at the lightship and the Islands when the weather is good.

Fishing has been poor at Bodega and Tomales Bay an account of bad weather.

Fishing from Red Rock to Angel Island has been excellent on calm days. Fish from 6 to 12 pounds have been taken in goodly numbers trolling.

It has been reported that fish hogs are at work in the California City area and that many overlimits are being taken. Let's all be sportsmen and adhere to the legal limit.

Black bass and blue catfish are biting in Clear Lake.

Fishing at Lake Berryessa in Napa County is slow, and the weather exceptionally hot.

License Violation Arrests Head Citation Causes

Angling without a license was the cause of more than one-third of all Fish and Game Code violations during July, the California Department of Fish and Game said today.

Of 837 arrests made by fish and game wardens, 337 were in the no-angling-license category. Angling with two rods resulted in 86 arrests. Carrying a loaded gun in an automobile resulted in 43 citations.

Arrests and fines were down from the previous two years. In July, 1958, wardens cited 1,055 violators, compared to 1,100 the previous July. Fines paid in July, 1959, totaled \$22,640. In July 1958, the total was \$31,908 and in the previous July it was \$26,841.

Talk Slated On State's Deer Herds

Dr. A. Starker Leopold will be the guest speaker at the membership meeting of the Marin Rod and Gun Club Friday evening, Aug. 21, at the clubhouse at Pt. San Quentin. Dr. Leopold, world-renowned head of the University of California's Museum of Vertebrate Zoology, will speak of California's deer herds.

He has conducted numerous research projects on deer on a statewide basis and will relate some of the findings of this work. The meeting will afford an excellent opportunity for deer hunters to become better acquainted with the traits of the deer.

President Gail Adams, who has just returned from Europe, will preside at the meeting.

Initiation of new members will be held. Refreshments will be served during the evening. Leo Ciucci will show several reels of sports pictures.

State's Hunting Mishap Record Takes Turn For Worst In 1958

California hunters' safety record, which had been dropping steadily since the passage of the Hunter Safety Training Law in 1954, took an upward turn in 1958. Fish and Game Director William E. Warne announced.

Warne said his department recorded 120 hunter casualties in 1958, including 18 fatalities. This is well over the 79 casualties, including 14 fatalities, posted by California hunters in 1957, the record year. It compares with 108 casualties in 1956 and 132 in 1955.

"Carelessness, ignorance and irresponsibility are the triple

causes of all the accidents," Warne said. "There wasn't one accident where one, two or all three were not present."

Warne said the casualty figures indicated two things: 1—There is need for a refresher hunter safety course, particularly for adults who have had the training as junior hunters, and

2—There is need for vigilance on the part of all hunters, not only in careful handling of their own weapons, but in demanding that their hunting companions handle firearms properly. Warne said many of the casualties could not have

happened had the victim insisted on proper, safe gun handling by his hunting partner.

The great majority of the casualties occurred at short range, in open cover and in clear visibility. The figures show the following:

RANGE—34.5 per cent of all casualties and 75 per cent of all fatalities happened at less than 10 yards; 43.9 per cent of all casualties occurred between 10 and 50 yards.

COVER—Open cover recorded the largest number of casualties, 37.7 per cent; light cover recorded 35.5 per cent; dense cover recorder 26.8 per cent.

VISIBILITY—Where visibility was listed as a factor, 71.7 per cent of all casualties and 100 per cent of all fatalities occurred during conditions described as clear.

BY FIREARMS
Shotguns reversed a two-year trend and accounted for the greatest percentage (41.1) of casualties in 1958. Rifle fire accounted for 48.4 per cent. Handguns figured in slightly more than 10 per cent of the accidents and pellet guns in less than one per cent.

Lake Trout Fishing Good

Trout fishing at the Marin Municipal Water District lakes has been excellent this season. Several weeks ago a large plant of trout was placed in Lagunitas and Bon Tempe lakes.

The largest black bass taken at Phoenix lake was caught by Tom Selfridge, 15, which weighed in at six and one-quarter pounds.

The trout fishing season will close on Oct. 31.

Coast Kill Of Deer Shows Slight Gain

Despite unusually high temperatures which make the idea of hunting and hiking untempting to most nimrods, the coastal deer season kill is holding its own and is even slightly up from last year. Fish and Game Director William E. Warne noted today.

At the end of the second week of the coastal deer season, a total of 6,710 animals had been taken, compared to 6,623 last year.

Mendocino was again the county of the highest kill, with 982 deer taken so far.

After three weeks of hunting 180 deer were taken in Marin this year. In 1958 in the same period 305 deer were

Ladies Unit Will Meet On Aug. 25

The next regular meeting of the ladies auxiliary will be held Tuesday, Aug. 25 at the clubhouse at Pt. San Quentin, 8 p.m.

Entertainment for the meeting will be the annual Rogues Gallery. Prizes will be awarded to the persons identifying the most pictures.

There is not much to report on fishing as the pier is closed for repairs, although there has been some shore fishing. One of the lucky ladies was Roberta Sturges who landed one at Greenbrae Canal.

Trout fishing in the Hat Creek area are the Steve Lato's, also trying their luck are the Babe Dahls in the Lake Tahoe area. Off to Disney Land are the Fritz Johanssens.

Our Spaghetti Dinner will be held at the clubhouse on Sept. 19, so reserve that date and make your reservations early.

Initiation, entertainment, and refreshments will be served at our meeting. Husbands and guests are invited.

Fresno Hosts Duck Meet

Tomorrow night in Fresno the second coast meeting of Ducks Unlimited will be held.

Hundreds of dollars in awards will be given away. List of awards will be forwarded to the Marin Rod and Gun Club.

Marin County "DU" chairman reports that the fund drive in Marin is the "biggest success" ever attained in Marin. Nearly \$2,000 has been raised for the propagation of Ducks Unlimited by Marin sportsmen. A complete report will be made next month.

DO YOU REALIZE — That California Sportsmen spend annually for their Fishing and Hunting nearly TWICE the annual sales of all the Commercial Fishery and Sea Food Canning Industries in the state?

Barracuda and white seabass will be the object of new research studies being initiated by the department's marine biologists under a Dingell-Johnson federal aid to fisheries project.

New Duck Rules Have Only Slight Effect In West

WASHINGTON (AP) — Rules designed to cut the kill of wild ducks during the 1959-60 hunting season will impose only a slight curtailment on the Pacific flyway. But a kill cut of one-third to one-half is sought for the Atlantic, Mississippi and Central flyways.

The Interior Department said the rules are the most restrictive for duck hunters since 1947. They reduce the season length and shooting hours and drastically limit the legal take of diving species.

But the regulations make no changes in the seasons for killing wild geese except for a one-day cut in the Pacific season.

This was possible because goose production was more favorable than the very low duck production brought about by drought conditions in the usual northern breeding grounds.

The changes on ducks call for reductions in hunting days which can amount to as much as 20 days in the Atlantic flyways, 30 days in the Mississippi, and 40 in the Central.

In the Pacific flyway the season will be 94 days, only one less than allowed for duck last year. The states may select a single bag and possession limit of six ducks or a daily bag limit of five ducks with possession limit of 10. Last year similar limits could be increased by a total of four pintails or widgeons, which are known as depredation birds.

The state Fish and Game Commission will meet here Wednesday (9 a.m., Division of Highways Building, 150 Oak street) to select the actual hunting dates and make the choice on limits.

Inasmuch as a 10 per cent penalty is mandatory if a split season is adopted, it's expected the commission will take the full 94 days the federal service offered. That would peg the opener on Wednesday, Oct. 7, with the closing date Friday, Jan. 8.

In all probability the game board also will ride with the six-bird daily and possession limit. In the past when a double possession limit was allowed, hunters did too much cheating—killing two limits the same day.

The plight of canvasbacks, redheads and ruddy ducks, three diving species, is regarded as particularly serious this fall.

Because of that the bag and possession of these is being limited for the first time in the Pacific flyway to only two of any species or in the aggregate and is being cut to one bird in the Atlantic, Mississippi and Central flyways.

Pacific Flyway states are: Arizona, California, Idaho, Nevada, Oregon, Washington and Utah.

The states may have an open season on ducks, geese except Ross's geese, coots and gallinules not to exceed 94 days between Oct. 7 and Jan. 8, inclusive.

They have the option of selecting a single bag and possession limit of six ducks or a daily bag limit of five ducks and a possession limit of ten. In either case the bag and possession limit may include only two canvasbacks, or two redheads, or two ruddy ducks, or two of these species in the aggregate.

The daily bag and possession limits on ducks may include one wood duck and one hooded merganser.

In addition to the limits on ducks, the daily bag limit on

American and red-breasted mergansers is five, possession 10, singly or in the aggregate of both kinds.

The daily bag and possession limit for coots and gallinules is 25, singly or in the aggregate.

The daily bag and possession limit on geese, except Ross's geese, will be six with exceptions and under the limitation that no more than three of the dark species of geese may be included.

To afford continued protection to the Great Basin Canada geese, the following restrictions will apply in certain areas, including: in Clark County in Nevada, and in California Fish and Game District No. 22, the daily bag and possession limit may include one Canada goose or its subspecies.

In Clark County in Nevada and in California District No. 22, the season shall close at sunset Dec. 13.

Because of a continuing decline in the number of brant, a season of 60 consecutive days may be selected between Oct. 7 and Jan. 8. The bag and possession limit is three and three.

All states will be permitted to select a snipe season of 30 consecutive days between the earliest and latest open dates for ducks, with bag and possession limit of eight and eight.

SHRIMP UP

All Shellfish Show Drop In Landings

While the California ocean shrimp fishery set another record last year, total landings of all shellfish dipped somewhat from 1957, the Department of Fish and Game announced.

Ocean shrimp, a resource discovered through department research in 1951-52, has increased in total landings every year and in 1958 set a record of 1,728,680 pounds, with a retail value of nearly \$1,000,000.

Landings of ocean shrimp last year were up more than 300,000 pounds over 1957 and double those of 1955.

Landings of all shellfish last year totaled more than 41,000,000 pounds, compared to about 51,000,000 in 1957.

Leading the shellfish in total landings was crab, with 17,280,221 pounds. This was down slightly from 1957, when 19,000,000 pounds were brought in.

Other leading species were: Pacific oyster, 9,564,020 pounds; and squid, 7,457,418 pounds.

The department said it is watching the ocean shrimp resource closely, to assure a sustained yield, but has recently been able to recommend an increase in the catch quota. The Fish and Game Commission has already increased the quota from Point Arena to a line just below Ferndale, in Humboldt County.

Turkey vultures are important as scavengers in some parts of the country. The bacteria of some animal diseases, such as hog cholera and anthrax, are destroyed by passing through the vulture's system.

AIR MAIL ANNIVERSARY

Reenacting the first American air mail flight, Minnesota ballonist Donald Picard took a balloon named Jupiter Jr. aloft yesterday at Lafayette, Ind. It was the 100th anniversary of the ascent of John Wise of Lancaster, Pa., who carried 146 pieces of mail in his balloon, the Jupiter. (AP Wirephoto)

Manhattan's Heart Brought To Stop By Power Failure

NEW YORK (AP)—Lights flickering off in hospital operating rooms. Elevator service knocked out in huge apartment buildings. Packed subways, with a sweating human cargo, trapped in underground tunnels.

That was the picture as a sudden power failure struck the heart of Manhattan.

The power failure hit thousands of buildings in a 500-block section of upper Manhattan, leaving a half million people without elevators, air conditioning, traffic lights, or any of the complex systems that keep a great city functioning smoothly.

HIT IN AFTERNOON

The power failure began in mid-afternoon yesterday. Gradual restoration continued into the early morning hours today.

Power was completely restored to the area at 2:42 a.m. today, almost 13 hours after it went off.

The mercury was near 90 when power went off and the humidity was suffocating. Suddenly every intersection became a traffic jam.

Then the recovery began. In hospitals, emergency lights came on. Extra police poured into the area, straightened out the traffic.

EMERGENCY TRUCKS

Police sent emergency generator trucks to Mount Sinai Hospital, where nine polio patients in iron lungs depended on auxiliary power.

Subways, which have independent power but were stopped when signal lights went out, began to crawl, as workers with red lanterns signaled the way was clear ahead.

Apartment dwellers began to find how it feels to climb stairs. Then darkness came, and New Yorkers in the stricken area saw the eerie spectacle of a city without lights.

NIGHT LIFE GOES ON

But New York night life went on. Bartenders bought candles by the dozen, and complained because the beer was warm.

Bank vaults wouldn't close, and extra guards were assigned.

Meanwhile 10,000 employees of the Consolidated Edison Co. labored to repair the damage to power lines, apparently caused by a record demand made by refrigerating and other cooling devices.

Three thousand extra policemen were sent into the blacked-out section. Hours later, as power began to come back on, police reported only one burglary and one assault case.

People thronged onto the streets, rather than climb stairs to stuffy apartments with elec-

tric stoves that wouldn't work. Stores had a run on candles and flashlights.

Many restaurants and bars, hampered by lack of refrigeration and ice, closed down at dark. Others kept open and served by candlelight.

ZSA ZSA'S LATEST—Actress Zsa Zsa Gabor turned up in an above-the-knee, skirt a la the new Dior line, yesterday when she left from New York for Los Angeles after making a television pilot film (AP Wirephoto)

Revised Plans For Tiburon Project Passed

A newly revised version of plans for Mariner Oaks on the Tiburon Peninsula received approval of the Marin County Planning Commission after lengthy consideration of a favorable staff report yesterday.

Both members of the commission and Fred Hannahs, chairman of the Tiburon Coordinating Council and Land Use Committee, expressed satisfaction over changes in design.

ATTITUDES PRAISED

Commissioner Margaret Azevedo said alterations were especially desirable with reference to the small six-unit buildings. Hannahs commended the cooperative attitude of the builders.

Main changes in the plans, which were finally approved unanimously as submitted with conditions of approval as laid down in a staff report, had to do with street systems calling for less grading and also for access to dwellings from above in most instances.

The plan provided for an over-all density of 150 units, distributed among five 12-unit and 15 six-unit buildings with a net density of 2,650 square feet per unit.

MAJOR CHANGES

Two major changes in the general site design included modification of the former loop road within the property, which involved heavy grading and extensive retaining walls, to a cul-de-sac with material reduction in grading and costs, and provision of access to the upper portion as a loop branching from a future Red Hill Circle.

The staff report termed these major improvements as "the number of units served from one street is reduced and all but three buildings can have access from above."

RECREATION SNAFU

Marinwood Problem Back To Supervisors

Marinwood's pesky problem of recreational land was battled like a tennis-ball back at the Marin County Board of Supervisors yesterday by the Marin County Planning Commission.

This was necessitated by a misunderstanding, it was explained.

The problem had gone to the supervisors because in spite of various hopes and disappointments, no solution had come up as to what and how much property in Marinwood is to be reserved for recreational use.

But at the supervisors' meeting last week they referred the

issue back to the planning commission with a request for recommendation, apparently not realizing that the commission had reached an impasse.

To unsnarl all this there must be public hearings, it was explained, before the commission. But to have the hearings it's necessary that the supervisors first pass a resolution of intent to amend the master plan.

Therefore planners battled Marinwood back to supervisors in order to have the necessary resolution passed, after which planners will get busy with preparations for the required hearings.

Apartment Law Study Delayed

Further consideration by the Marin County Planning Commission of amendments to the multiple residence ordinance was deferred yesterday to 2 p.m. on Sept. 21 to allow further staff study and also to allow time for the board of supervisors to act on the initial R-3 proposals approved by the planners Aug. 3.

"Definite proposals will be before you Sept. 21 unless the board makes radical changes," said B. D. Dobbs of the planning staff.

A staff report said that two more problems have arisen, the first being a need for giving more time to the problems of regulations governing the 2,000-square foot apartment area and above. Further it was felt that any combining regulations to be adopted will be dependent on the form of the R-3 which can't be definite until the supervisors act on its text amendment.

Street Name Duplication Guard Urged

A "simple, practical procedure" is needed to avoid duplication of street names within Marin County, Commissioner Margaret Azevedo told her fellow members of the Marin County Planning Commission yesterday.

Mrs. Mary Summers, planning director, responded that this is near because David Van Pelt of the planning staff has almost completed a list of all names used in any area of the county.

The commission recently agreed that in view of rapid growth of Marin and the prospect that it may someday be one big municipality, there should be no further duplication of names even at distant points.

Therefore requests for changes of two names—Reed boulevard and from Bayview road to Robin road in Strawberry—were continued to the next regular meeting, scheduled for Aug. 31.

Three Injured In Marin Auto Accidents

Two persons were injured in two separate rear-end auto accidents during the past 24 hours on Marin highways. A third was injured as his car rolled over.

At 3 p.m. yesterday, near the intersection of De Long avenue and Highway 101 in Novato, four cars piled up at a stop sign.

BACK INJURIES

William J. Bisetti, 9, of Redwood City, who complained of back injuries, was taken to Marin General Hospital. His injuries found to be minor. He was a passenger in the third car driven by Clifford Anthony Skinner, 41, of San Bruno. The first driver was Grant A. Landis, 61, of Playa Del Rey, the second was Elliot Baker, 67, of San Francisco, and the fourth was William L. Hohensee, 23, of Petaluma. The California Highway Patrol said a citation for speeding is pending against Hohensee.

In another rear-end at 1:40 a.m. today, Ernest Stein, 41, of Pedro Valley, the driver of a pickup truck that smashed into the rear end of a tank milk truck, was taken to Marin General Hospital with broken legs and ribs. He was cited for speeding.

TRUCK DRIVER

Driver of the milk truck was John Azevedo, 61, of 738 Orange street, Novato.

In another accident in the early evening yesterday, a convertible hit a guard rail north of Sausalito's Spencer avenue on Highway 101 and rolled.

The driver, Michael Rainford, 23, of San Francisco, escaped with face injuries. He is being treated at Marin General Hospital. The CHP said Rainford apparently lost control. Traffic was backed up several hundred yards.

Mitchell To Make Data On Steel Strike Public

WASHINGTON (AP)—President Eisenhower and Secretary of Labor James P. Mitchell decided today to make public basic facts behind the steel strike in hopes of speeding negotiations and a settlement.

The information gathered by Mitchell as Eisenhower's personal fact-finder will be made public for Thursday newspapers.

Mitchell said they will cover

wages, prices, productivity, profits and a few related matters.

The secretary told a news conference the information covers a major part but not all of the facts he has been assembling from industrial and government sources.

Mitchell said the report will be a factual one with no recommendations for actions.

The session with Mitchell was the major business item on a list of engagements which bought Eisenhower back to the White House for a one-day break in his work-rest holiday at his Gettysburg, Pa., farm home.

Later in the day he had an appointment with New York's Gov. Nelson A. Rockefeller. He planned to go back to Gettysburg shortly after that.

Mitchell said the voluminous data on the steel strike, now in its sixth week, are in the process of being printed. He said he will make them available and discuss them at a news conference in his office.

Representatives of both sides of the steel controversy, Mitchell said, met with officials of the Bureau of Labor Statistics and reviewed in a preliminary way the facts which now will be released.

Sens. George Aiken (R-Vt.)

Labor Chiefs Map Tactics On Curb Bills

FOREST PARK, Pa. (AP)—AFL-CIO chiefs mapped plans today to try to get Congress to cut from Senate and House labor control bills the provisions to which organized labor objects most.

The differing bills passed by the two houses are now before a joint conference committee. The union leaders expressed dislike for both, but held some hope that the conference group might rewrite a bill to salvage what organized labor considers the better features of each.

RUNS COUNTER

That hope obviously ran counter to the mood of many Congress members pushing for a bill they consider strong enough to control racketeering and other abuses shown by Senate investigations in a segment of labor-management relations.

The AFL-CIO leaders are attending executive council sessions in this Pocono Mountain resort area. They still are trying to figure the 229-201 House vote last week that upset House leadership plans and put over a labor control bill personally endorsed by President Eisenhower.

LEAST DESIRED

It was the measure least desired by union leaders, who had criticized as too severe the milder version passed earlier by the Senate.

In formal actions, the executive council pledged all-out support for the striking Steel Workers Union and decided to reverse organized labor's six-year expulsion of the International Longshoremen's Assn. on corruption charges.

Big Quake Jolts Solomon Islands

HONIARA, Solomon Islands (UPI)—A severe earthquake has shook the entire 16,000 square miles area of the Solomon Islands today, damaging buildings and homes. No casualties were reported.

Chief geologist Charles Grover described the quake as "very bad." He said the heaviest damage appeared to be in the New Georgia group, but stressed that it may be days before detailed reports are received.

Guadalcanal, the famed World War II battleground 300 miles from here, was shaken only lightly by the quake and reported no damage.

PLANNERS HEAR PROTESTS

Suit Threatened To Halt Belvedere Stilt Houses

Objections to a proposed west side development off Belvedere Island, including seismic-faulting, traffic, water pressure problems and threat of a law suit, were advanced at last night's meeting of the Belvedere Planning Commission.

Threatening to sue the commission, the city council and the Belvedere Properties Co., should the development be approved, was Carl Hoppe, San Francisco attorney and resident of Belvedere avenue, which overlooks the area on which the company proposes to build 75 homes on stilts.

Hoppe declared a beautiful community has been ruined by the existing development.

"The Belvedere lagoon could be magnificent if lots were twice the size," he said. "... Now the developer wishes to build homes on stilts with a lot size of zero."

In response, Howard B. Allen Jr., one of the developers, claimed many fine homes over the water are very pleasing esthetically.

A paper on the engineering aspects of the proposed development prepared by engineer Morton W. Lieberman, also of Belvedere avenue, was presented by Clarence A. Phillips.

"The development would be below an almost vertical cliff with some evidence of seismic faulting and recent historical data shows considerable erosional retrogression," he reported. "This brings the possibility of slides which could en-

danger houses above as well as ones on the waterfront."

Said Lieberman: "The lagoon was originally an unsightly mosquito breeding swamp. On the other hand, the west side of Belvedere Island is a beautiful natural shore which it is doubtful even the Belvedere Land Co. can improve."

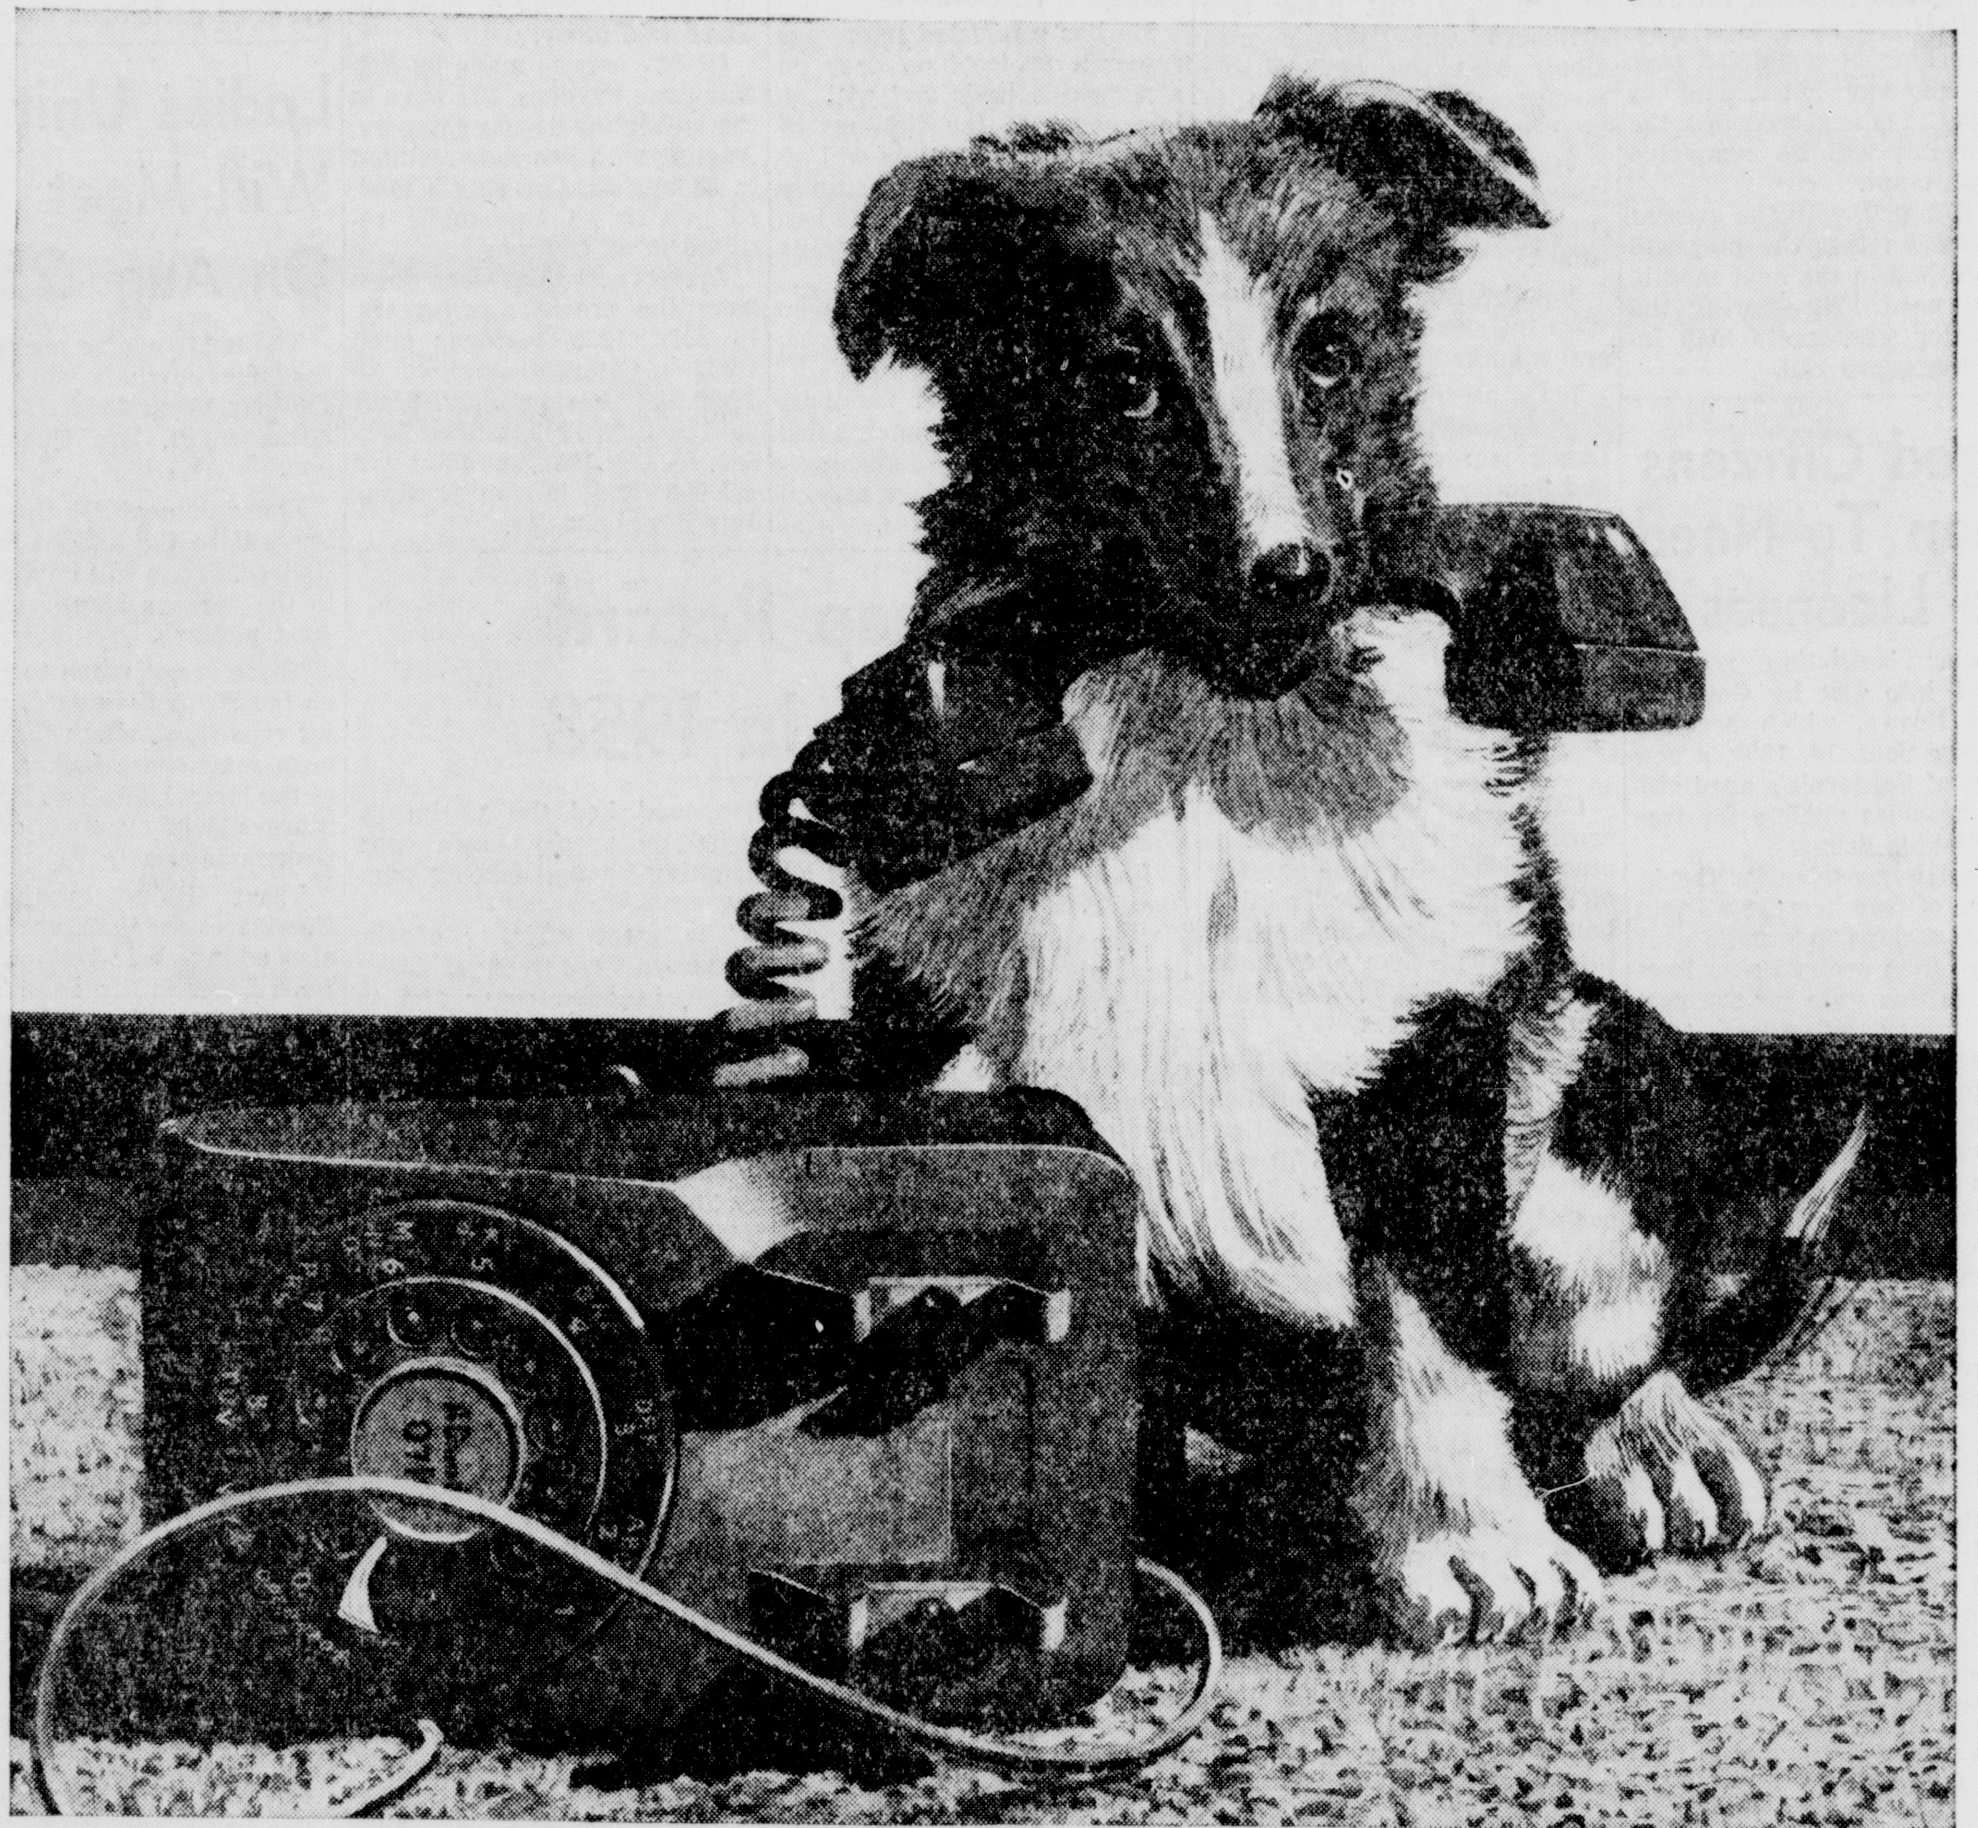

Allen and his associate, E. Russell Rice, challenged the danger of seismic faulting. Roads, water and sewage would conform to city standards, they said. They presented a letter from Richard S. Harding and Associates stating that erosion in the area would be considerably reduced because of the rock bulwark at the outside edge of the road, and that installation of a sewer would alleviate the erosion problem caused by the effluent from septic tanks on the hill.

A claim by Hoppe that there would be no play area for children was countered by Allen, who stated this type of home would probably not appeal to couples with children.

Mrs. Harold H. Horne of North Point circle pointed out the water pressure problem of those high on the island and expressed fear the new development might cause a further lowering of pressure. Rice claimed there is plenty of water but low pressure lines fail to deliver it to the island's top.

The commission will meet again Aug. 31 to continue study of the plan.

Lifetime guarantee on your telephone gives you unseen value

Accidents happen — but there's no extra charge for phone repairs

Accidents can happen. And that applies to telephones, too, as "Fido" found out. That's why every phone is built to "take it."

But beyond that, we guarantee to keep your phone working right for as long as you have it. If something should go wrong —because of accidents, or normal wear and tear—we take

care of it quickly. For this you don't pay an extra penny. It's hard to think of anything else that gives you such a valuable, lifetime guarantee.

Keeping your telephone working well, with no extra charge for repairs, is another way we bring you better phoning. It's another way we build extra value into your phone service.

ALL COSTUMED AND MADEUP for their roles in the Chinese ballet of "The Stolen Prince" to be presented on Friday and Saturday, at the Deer

Park School in Fairfax are these girls of the Fairfax Unit, Junior Theatre of Marin. Left to right, are Linda Digesti, Nancy Watson and Deborah Ruhl.

IN THIS SCENE from "The Stolen Prince," Soldier Paul Newcomb prepares to apprehend "Lee Mee," Mich-

ael Palmer, the unfortunate duck who has incurred the Emperor's wrath. Horrified witness, right, is Yvonne Julianus, child of the royal cook.

IN THE "Little Hero of Holland" production, The Imps of the Dyke, left to right, "Tipsey," Suzanne Gottschalk, and "Topsey," Marianne Allen, try to dissuade "Hans," Robert Stout, from saving his

country. Villagers looking on are Linda Palmer, Robert Julianus and Lloyd Ruhl. Another interested onlooker is Flower Fairy, Vicki Newcomb. (Independent-Journal photos.)

Fairfax Junior Theatre Plans Two Productions This Weekend

A cosmopolitan atmosphere will prevail in the auditorium of Deer Park School in Fairfax on the evenings of Friday, August 21, and Saturday, August 22.

Culminating an intensive four-week summer workshop, children under the sponsorship of Fairfax Unit, Junior Theater of Marin, will present two plays on each night — "The Little Hero of Holland" by Karin Asbrand and "The Stolen Prince," a Chinese fantasy by Marin's own Dan Totheroh. Curtain time will be 8 p.m.

"The Little Hero of Holland" will feature primarily children of third, fourth and fifth grade age level. Portraying "Hans," the Little Hero of Holland, will be Robert Stout. Diane Blankenburg will appear as "Gretchen," "Tipsey" and "Topsey," the Imps of the Dyke, are Suzanne Gottschalk and Marianne Allen respectively. "Jan," the burgomaster's son, is Steve Fraire. Children of Holland are: "Hilda," Cheryl Levine; "Ludwig," Michael Wagner; "Juliana," Rita Allen; "Jacob," Lloyd Ruhl; "Katrinka," Janet Bernasconi; "Carl," Ken Valenta; "Betje," Linda Palmer and "Peter," Sammy Irving. Vicki Newcomb, Anna Mae Al-

barico, Pamela Hickox and Carolyn Seeba are "Flower Fairies."

STOLEN PRINCE
The cast of "The Stolen Prince" is comprised of children who have completed the sixth, seventh and eighth grades. "Joy," the stolen prince, will be portrayed by Wayne Baguio. Appearing as his foster parents will be James Workman as "Hi Tee," a poor but honest fisherman, and Pamela Stout as his wife "Li Mo." Their faithful duck, "Lee Mee," is ably enacted by kindergarten Michael Palmer. The royal nurse, "Sing Lo" will be Judie Flory. Children of the royal cook are Karil Eynon, Yvonne Julianus, Kathleen Oliveira and Tim McCann. Robert Farmer is the all-important Property Man and seven-year-old Kenneth Loer is the Executioner. Soldiers are second and third graders Paul Newcomb and Freddie Albarico.

The members of the chorus, who narrate the story of the play, are Marcia Gerson, Lynn Valente, Darlene Velasco and Marilyn Hoefler.

Immediately preceding each play dance numbers choreographed by David Belrose and his wife, Margie, will be pre-

sented. Each dance will carry out the Dutch and Chinese themes of the two productions which follow. Children in this activity are, for the most part, in kindergarten, first and second grades. Every child in the dance workshop will participate in the Chinese ballet. They are Tina Hansen, Beverlee Brown, Sue Robinette, Lucille Lareau, Carrie Schriebman, Susan Porter, Linda Digesti, Linda Moore, Janet Piombo, Carolyn Strasser, Deborah Ruhl, Susan Hallin, Nancy Watson, Denise Kirchner, Lisa Corcoran, Joan Lareau, Annette Lareau, Penny Towle, Jeannie Roden, Nicki Smith, Marcia Canning, Mary Canning, Ann Sorem.

CAST NAMED
Robert Julianus, Kenneth Loer, Robert Hickox, Buster Robinette, Steven Porter, Danny Clements, Randy Hallin and Wally Hallin. Appearing also in the spritely Dutch dance will be Tina Hansen, Beverlee Brown, Sue Robinette, Lucille Lareau, Carrie Schriebman, Susan Porter, Linda Digesti, Linda Moore and Master Robert Julianus.

Adults who have been working on the production staff are: Barbara Farmer, play director;

Mesdames E. C. Brown and Lloyd Ruhl, workshop co-chairmen; Mrs. Kenneth Loer, coordinator; Mesdames Dirk Julianus and R. E. Stout, costume design; Mrs. Robert Ferrari, programs; Mrs. John McBride, script typist; Mrs. Manuel Oliveira, make-up; Mrs. Ernestine Digesti, tickets; Mrs. C. Van Vliet, purchasing; Mrs. Joseph Lareau, fund-raising; Mesdames Estelle Bassett, Jack Garcia, Donald Hanks and Winfield Wagner, play-reading; and Mesdames G. M. Palmer, Hillis Newcomb and Victor Watson, workshop. Teenage assistants to the director have been Lynn Farmer, Sir Francis Drake High School drama student, and Lynn Valente. Young Curtis Ruhl, Eddie Watson and teenager Paula McCann have assisted in the workshop department.

Deans Leave On European Trip

Mrs. Robert Dean of Greenbrae, Mrs. Jerry Dohrman, and granddaughters, Susan and Penny, have left for Italy en route to Wiesbaden, Germany, where the Dohrmans live. Mr. Dohrman is in charge of purchasing supplies for the post exchanges of the U.S. Air Force there.

Mr. Dean will fly to Italy to join his wife, daughter and granddaughters and before returning to Marin County will spend some time traveling in Europe.

Marin Women

Independent-Journal, Tuesday, Aug. 18, 1959 13

ON AUG. 20

Golden Star Lodge Plans Salad Lunch

Golden Star Rebekah Lodge 112 will host a hot dish and salad luncheon at the IOOF Temple, San Rafael on Thursday, Aug. 20, starting at 11 a.m. Mesdames James Rowe and James Williams, co-chairmen, are being assisted by other members.

That night the lodge will have its regular meeting at 8 o'clock with Mrs. Mary Bruni, noble grand, presiding. Mrs. Harry Wendt will be chairman.

At a recent meeting Mrs. Louis Woelfl was installed chaplain by Mrs. Harry E. Wall, district deputy president of District 61, Rebekah Assembly of California, and Mrs. Leo Berger, deputy marshal.

Mrs. Bruni announced that Sept. 6 will be Odd Fellows Day at the State Fair and she asked that as many members as possible attend. Mrs. John Luetke, past noble grand of Blythedale

Rebekah Lodge 305 of Mill Valley and district good fellowship chairman, said that members will be invited to visit the IOOF Old People's Home in Saratoga. She also announced that luncheon will be served in the IOOF Temple in Mill Valley, Monday, Aug. 31.

Following the meeting games were played and refreshments were served under the chairmanship of Mrs. James Williams.

Second Son Welcomed

A welcome addition to the home of Mr. and Mrs. D. Gordon Leach (Helen Pedersen) of Scottsdale, Ariz., formerly of San Anselmo, is a son, who has been named Gordon Matthew. He was born on Aug. 9 and is the brother of Cathy, 5, and Stephen, 3, and the grandson of Mr. and Mrs. David Leach of Kentfield and Mr. and Mrs. C. Edward Pedersen of Berkeley. His great grandmother is Mrs. Edith Pedersen of Oakland and his great grandfather, Dr. Reuben Zumwalt of Berkeley.

MR. AND MRS. William Joseph McCarter cut the wedding cake at the reception following their marriage at the bride's home in San Anselmo. The bride, the former Delorise Fay Adams, is the daughter of James Adams of Kirklin, Ind. The newlyweds will make their home in San Anselmo. (Jim Kean photo.)

Sydney Eschen Wed In Home Ceremony

The garden at the 9 Pepper way San Rafael home of her parents, Mr. and Mrs. Robert H. Eschen, was the setting when Sydney Eschen became the bride of Richard Dodds of San Rafael.

The 2 o'clock double-ring Sunday ceremony was performed by the Rev. Harold King.

Given in marriage by her father, the bride wore a white gown of peau de soie fashioned with cummerbund with bow for back interest, scoop neckline and short sleeves. Lilies of the valley were appliqued on the sides of the bodice and continued down the length of the gown. Her shoulder-length veil was caught by a headdress of lilies of the valley and she carried a bouquet of lilies of the valley with an orchid in the center.

Sue Eschen of San Rafael, as her sister's maid of honor, was gowned in Kelly green silk organza. The gown was fashioned princess style and she had a matching veil. Her flowers were begonias.

Kerry Klotovich of Fairfax was best man and ushers were Don Wells, a student at San Jose State College, and Jim Brashier of San Rafael.

For her daughter's wedding, Mrs. Eschen wore a peacock

silk flower print with matching accessories and white orchid corsage.

The bridegroom's mother chose a beige and blue sheath with matching accessories. She had an orchid corsage.

A reception for 80 guests followed the ceremony at the home. Lilies of the valley were used in decorations. Diane Meyer of San Rafael was in charge of the guest book.

For a wedding trip to Southern California and Las Vegas, the bride wore a navy silk suit with navy accessories and white veil. She had a white orchid corsage.

The bride, who is the granddaughter of Mr. and Mrs. Sidney Levy and Mr. and Mrs. Lee Eschen all of San Francisco, was graduated from San Rafael High School and San Jose State College. She is a member of Alpha Chi Omega Sorority and is employed by the Dixie School District.

The bridegroom, who is the son of Mr. and Mrs. James Dodds of San Rafael, was also graduated from San Rafael High School. Next June, he will receive his degree from the University of San Francisco.

After Sept. 1, the newlyweds will take up their residence in San Rafael.

Focus Show Will Honor Pixie Parents

"Oh, For the Life of a Country Girl" will be the theme Tuesday, Aug. 25, when Glen of Michigan introduces their late fall collection at a Fashion Focus Luncheon at Riecky's Rancho Rafael.

The casual styles that Marin living requires sets the mood for this advanced showing of clothes styled by prize-winning American designer Bill Atkinson. Modeling this group of sportswear will be Pixie Parents and their "younger set."

The name, Glen of Michigan, has become synonymous with the classic simplicity so desired by the Country Girl.

Modeling for Pixie Parents will be the Mesdames Jerry Mathis, William Munson, Luciana Sabella, David Stewart, Norman Sanquineti, Aileen Olinger, Jr., Edward Biglieri

and for the younger "girls" Carolyn Cochrane and Debbie Ash.

Pixie Parents are in the process of completing their new contemporary playground at the Marin Art and Garden Center and next on their agenda will be a tea to acquaint all mothers of pre-school children with their facilities.

Call Riecky's for reservations for this Pixie Parents Fashion Focus Luncheon.

Folk Dance Party

Mill Valley Folk Dancers will have their monthly party Thursday evening at the Outdoor Art Clubhouse, Mill Valley.

There will be a program of dances starting at 8:15 p.m. under the direction of Mickey McGowan, and refreshments will be served.

Hostesses will be Mesdames Charles A. Hardy, Ray Bottarini, and Vin Davison.

All folk dance enthusiasts are invited to attend.

RODEF SHOLOM

Joyce Baker Bride Of Gary L. Rifkind

On Sunday in a 4 o'clock ceremony at Temple Rodef Sholom in San Rafael, Joyce Baker, daughter of Mr. and Mrs. George J. Baker of Sleepy Hollow, became the bride of Gary Lawrence Rifkind of San Francisco.

The bridegroom is the son of Edward Rifkind of San Francisco and the late Mrs. Leona Rifkind.

Rabbi Saul White of San Francisco performed the ceremony under a canopy of white flowers flanked by urns of lilies of the valley. Butterfly orchids and candles were used on the aisles.

Given in marriage by her father, the bride wore a floor length gown of white silk organza fashioned with an empire bodice of embroidered Chantilly lace, portrait neckline and short sleeves. Her elbow length veil of illusion was held by a coronet of lace and seed pearls and she carried a bouquet of white orchids and Stephanotis.

Mrs. Thomas Norman of San Francisco, the bridegroom's sister, as matron of honor, wore a porcelain blue gown fashioned with stand-out collar and elbow length sleeves. She had a matching blue velvet bandeau and carried a bouquet of white jasmine gardenias with blue streamers.

Bridesmaids, Mrs. William Falcon (Carole Bellach) of San Rafael; Sue Ginsberg of San Francisco; Mrs. Arnold Green (Roslyn Krug) of San Francisco; and Barbara Moskowitz of Burlingame and Shirley Wachsmann of San Rafael, wore blue and white embroidered organza gowns styled with round necklines and full skirts over white net with blue taffeta cummerbunds. They had blue velvet bandeaus. They carried bouquets of gardenias with blue streamers.

Beverly Ann Baker, the bride's sister, as junior brides-

maid wore a dress of porcelain blue organza with matching velvet bandeau and carried a miniature bridesmaid's bouquet.

Five-year-old Sonny Norman, son of the Thomas Normans of San Francisco, was ringbearer.

Thomas Norman served the bridegroom as best man and ushers were Edward and Donald Baker, the bride's brothers of Sleepy Hollow; Ron Allsman, Stan Goldstein both of San Francisco and Terry Feigenbaum of Beverly Hills.

Mrs. Baker chose a champagne silk brocade dress with matching accessories. She had a white orchid corsage.

The bridegroom's stepmother wore a green caledon peau de soie dress with green accessories and white orchid corsage.

A reception for 150 guests followed the ceremony at the home of the bride's parents where gardenias floated in the pool. Guests danced to a trio following the buffet supper.

For a wedding trip to Hawaii, the bride chose a two-piece ensemble of smoke brown beige with matching accessories. She had a white orchid corsage.

The bride, who is the granddaughter of Mrs. Annie Baskin of San Francisco, was graduated from Sir Francis Drake High School and will graduate from the University of California in 1960. At Cal, she belongs to Honor Students, Mortar Board and the Student Judicial Committee.

The bridegroom was graduated from Lowell High School in San Francisco and is a student in the School of Pharmacy at the University of California. He is an alumnus of Phi Lambda Phi Fraternity and is president of Rho Pi Phi, pharmaceutical fraternity.

Mrs. Norman of San Francisco is his sister.

In September, the newlyweds will take up their residence in Berkeley.

Mastectomy Club Dines Al Fresco

Members of the Mastectomy Service Club held their summer party recently at the home of Dr. and Mrs. Russell Merret in Kent Woodlands. Members and their husbands or escorts swam, played ping pong, shuffleboard, croquet and enjoyed the delightful patio setting.

Supper, prepared in advance by club members, was served on long candlelit tables by the side of the swimming pool with a view of the valley and Mt. Tamalpais.

Dr. and Mrs. Merret joined the group and Dr. Katherine Leicester and her husband, San Francisco attorney, Ferard Leicester, were guests.

The Mastectomy Club besides offering services to recent patients plans occasional events such as this summer party in order that the families of the group can become acquainted. Doctors are invited so that they can have an opportunity to know the club members as individuals.

Meetings are held on the third Tuesday of every month at the homes of members. Location of each meeting is decided upon one month in advance and doctors, who are always welcome, can receive this information by telephoning Mrs. Randal Cockburn or the Marin Medical Society in San Rafael.

Women interested in joining the Club should telephone Mrs. Cockburn for details of the group's activities. Membership is open to any woman who has had a mastectomy, simple or radical. There are no dues.

To Visit In Hawaii

Mrs. Harold Green of Tiburon, with her 10-year-old daughter, Elizabeth, is flying to Hawaii for a nine days' visit with her parents, Mr. and Mrs. James Crase in Honolulu. Mr. and Mrs. Crase lived until recently in Petaluma. He is now with the Bank of Hawaii. Mrs. Crase, an expert in the field of the gifted child, has spoken before a number of groups in Marin County.

Leola Sewing Club

Leola Sewing Club is meeting at 10 a.m. tomorrow at the home of Mrs. Marjorie Losinger. Each member is to provide her own lunch. Dessert and coffee will be served.

ART-IN-EMBROIDERY

by Laura Wheeler

Inspired by actual bird prints! Exciting to embroider in nature's own vibrant hues. Realistic birds and asters add sparkling color to any room. Pattern 923: transfer of two 8 1/2 x 21-inch panels; color chart; easy embroidery directions.

Send 35c (coins) for this pattern—add 10c for each pattern for 1st-class mailing. Send to NEEDLECRAFT DEPT., Independent-Journal, 1040 B Street, San Rafael, Cal. Print plainly Pattern Number, Name, Address and Zone.

Send for a copy of 1959 Laura Wheeler Needlecraft Book. It has lovely designs to order: embroidery, crochet, knitting, weaving, quilting, toys. In the book, a special surprise to make a little girl happy—a cut-out doll, clothes to color. Send 25c for this book.

JOINT INSTALLATION

Genessee Council, Tamal Tribe Install Their Officers

Genessee Council No. 180 and Tamal Tribe No. 288, Independent Order of Red Men, recently held joint ceremonies in the B Street Hall, San Rafael, when their officers for the coming year were installed. Installing officers were the deputy great Pocahontas Bee De La Fontaine for Genessee Council and deputy great sachem Frank Schimidel for Tamal Tribe.

Genessee officers installed were Mrs. John Locati, prophetess; Mrs. Violet Williams, Pocahontas; Mrs. Harold Marple, Wenonah; Mario Bottini, Powhatan; Mrs. Salvatore Tartaul, keeper of records; Mrs. Mary Walls, keeper of wampum; Miss Alice Arhini, collector of wampum; Mrs. Joseph Schiebele, musician; Mesdames Arthur Pearson, Attilio Segale, and Miss Alice Costello, trustees; Mrs. James Washburn, guard of tepee; Mrs. Elizabeth Coleman, guard of forest; Mrs. Eldora Clinton, first scout; Mrs. Anna Keelan, second scout; Mesdames Tony Silva, Harry Wall, Misses Edith Alves and Grace Sternberg, warriors; Mesdames Joseph Zapella and George Bowers, runners; Mrs. Mario Bottini and Miss Thelma Fitzmorris, councilors, and Mrs. Frances Ankey, first aide.

George W. Hall Jr. was installed as sachem of Tamal tribe; Albert Graham, prophet; S. W. Eason, senior sagamore; George W. Hall, junior sagamore; E. K. Kalemha, chief of records; Walter Mazza, guard of wigwam; James Hutchinson, guard of forest; Harold Payton, first sannap; Reno Bosco, second sannap; Ted Iverson, first warrior; Harvey Marsh, second warrior; and Fred Kuhlken, keeper of wampum.

Boots In Spotlight

Boots are stepping into the back-to-school spotlight. They come in soft glove leather and suede for girls. Many boots are lined with colored shearing that shows when the cuff is turned back. To be worn with tweed skirts and textured leotards, the boots come in a wide range of colors, including bright reds, greens and browns. Boys' boots are chukkas, semi-chukkas or mid-calf types. They come in brushed, fine-grained, or polished leather. Colors include loden green, tan, chair-coal, brown and black.

Childbirth Class Education Series To Begin Sept. 1

The Education for Childbirth Class will begin another series in September with the evening classes scheduled on Tuesday, Sept. 1 and Thursday, Sept. 3 from 8 to 9:30 o'clock.

The eight week course is conducted by specially trained registered physical therapists or a registered nurse. The classes are held at the physical therapy office of Gunhild H. Brown, registered physical therapist, 711 D Street Annex in San Rafael.

Emphasis is given to understanding the periods of pregnancy, labor and delivery. Included in the course is a series of exercises in relaxation, breathing techniques and posture training.

A Parent's Night is featured when fathers attend and films are shown.

Further information may be attained by calling Mrs. Brown's office.

A 'COOLER'

Tiburoner Given Lunch And Shower

A house "cooler" for the Mrs. F. A. Petersen of Tiburon, was given Saturday at a luncheon at Sabella's by Mrs. John A. Allen.

The Petersens, whose residence was badly damaged by fire some months ago, are now in their home at 55 Pamela Court again.

Guests were Mesdames Doyle Lockabey, Fred Martinez, John McGaughey, Frank Hogue, LaVerne Cash, Eugene Murray, J. L. Barrett, Mel Dransfield, and Robert Schiller, all of Tiburon, and Mrs. Laurie Felton of Ross, Mrs. Marvin Masnussen of San Francisco and Mrs. William Guerrin of Mill Valley.

The centerpiece was a replica of the Petersen home made with Stephanotis and lobelia. Gifts were hand-blown glass sets.

On Motor Trip

Mrs. Walter C. Beatie of Sausalito is on a motor trip to Canada with her granddaughters, Lucinda and Karen Beatie of Ross. From stops in Oregon, the trio is continuing to Vancouver and Victoria and will return to Marin in time for Lucinda to settle at the Theta House in Berkeley for her senior year at the University of California.

Hawaiian Luau Is Hosted By Fred F. Enemarks

A gay Hawaiian Luau was given by Fred F. Enemarks of San Rafael Friday evening. The party honored the employees of the Marin County Savings and Loan Assn. of which Enemark is executive vice president and manager.

Guest of honor was Mrs. Lila Haberman who plans a trip to the Islands in October. She is an assistant secretary of the 73-year-old savings institution.

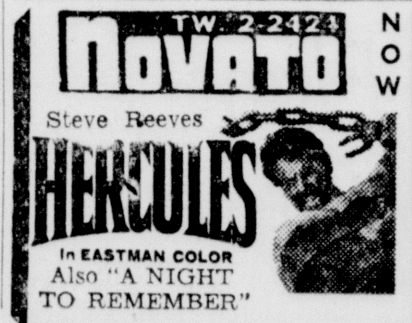

Guests swam in the pool adjoining the Enemark's enclosed lanai where cocktails were served prior to a Hawaiian feast. Mrs. Enemark greeted guests in a muu-muu.

The Enemarks have just returned from a two weeks vacation with their two teen age children at Coffee Creek Ranch in the Trinity Alps.

James M. Bennisons Are Parents Of Twins

Twin girls were born on August 11 to Mr. and Mrs. James M. Bennison of Sausalito and are their first born.

The babies have been named Elicia Renee and Elaine Annette. Their paternal grandparents are Mr. and Mrs. James A. Bennison, also of Sausalito, and their maternal grandfather is Harry Tsegeletos of Bel Air.

ONLY A FEW LEFT

After the weekend we're about sold out of our BARGAIN BOX Specials selling for 98c. But there are still a few choice plants in rich full bloom left in our hefty one-gallon containers. Drop in, won't you, and fill out that vacant spot in your garden with a prime plant at a sale price!

Sissons Home After Trip To Europe

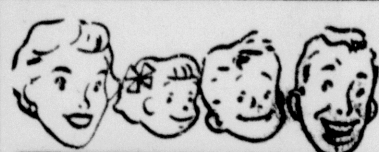

Dr. and Mrs. Merrell A. Sisson have returned to Sausalito after several weeks in Europe. Flying by jet to the continent, the Sissons visited Paris, Rome, Florence and Venice.

Spending three weeks in Switzerland, their mutual interest in hiking was indulged with much pleasure. The primary reason for their trip at this time was Dr. Sisson's attendance at the International Congress of Radiology at Munich from July 23 to 40. Following this, the couple visited Amsterdam and Copenhagen and returned home via the Polar route.

Mrs. Sisson is a member (and secretary) of the Sausalito Planning Commission.

Strickly Tailored

Girls still wear men's pants on the campus, but this year the pants are strictly tailored. They have elasticized back tabs, two pockets at side seams, and Continental front closings. Colors include various shades of grey, brown, and olive drab. Legs are trim and slightly tapered.

SUSANNE RICHARDS, above, of San Francisco will become the bride of Raymond Arthur Greene of Larkspur on Feb. 13, 1960 in St. Anne's of the Sunset Church in San Francisco. Mr. and Mrs. Arthur W. Greene of Larkspur are parents of the future benedict. (Milton Mann photo.)

SUSANNE RICHARDS WILL WED RAYMOND GREENE IN FEBRUARY

The engagement of Susanne Richards of San Francisco and Raymond Arthur Greene of Larkspur was announced on Saturday evening at a cocktail party at the home of the bride-elect's parents, Mr. and Mrs. Bertram A. Richards of San Francisco.

The future benedict is the son of Mr. and Mrs. Arthur W. Greene of Larkspur formerly of San Francisco.

The bride-elect is a graduate of Mercy High School in San Francisco and attended City College of San Francisco. She is employed by the Alta Coffee Co. Her brothers and sisters include Mrs. Edward White of London, England; Charles Richards of Sunnyvale; Mrs. Robert Tornberg of Danville, and Mary, Joseph and Michael Richards of San Francisco.

The future benedict, who is the brother of Toni Poskus of Larkspur, was graduated from Mercy High School in San Francisco and served with the U. S. Marines in the Korean campaign. He is employed by the Foremost Dairy of San Francisco.

The wedding will be an event of Feb. 13, 1960 at St. Anne's of the Sunset in San Francisco.

Marin Women

Independence Journal, Tuesday, Aug. 18, 1959 15

David Munro Marries Nancy Ellen Evans

Standards holding large white chrysanthemums decorated the First Presbyterian Church of San Rafael for the wedding of Nancy Ellen Evans and David Ramsey Munro Jr. on Saturday morning.

The bride, daughter of Mrs. Eva H. Evans of San Anselmo, was given in marriage by her mother, and she was escorted down by the aisle by Jack Wright, close friend of the bridegroom. The Rev. Herrick Lane officiated at the double ring ceremony.

The bride's white ballerina length gown had a bodice of Chantilly lace designed with a Sabrina neckline. Layers of tulle were over the full satin skirt which had panels of Chantilly lace. The bride's scalloped elbow length veil was trimmed with seed pearls and she carried a cascade bouquet of Amazon lilies and stephanotis. Miss Pirkko Dixon of San Anselmo, maid of honor, wore a pastel pink satin gown designed with a fitted bodice and full skirt with an overskirt of organdy. Her broad brimmed sweetheart-shaped hat of horsehair was crownless, and watermelon pink were the carnations.

In her shower bouquet, Donald Ingram of Fairfax was best man and guests were escorted to their pews for the 10 o'clock ceremony by Thomas Gunther of San Anselmo.

Following a week's honeymoon at Lake Tahoe the newlyweds will reside in San Anselmo.

The bride was graduated in June from Sir Francis Drake High School. The bridegroom, son of Mrs. L. F. Jones of Pebble Beach, is a graduate of San

Rafael High School. Mrs. Frank Happersberger of San Anselmo is the maternal grandmother of the bride. The new benedict has two sisters, Carol Ann and Judith Ellen.

For her daughter's wedding Mrs. Evans wore an emerald green peau de soie gown with a matching hat. The bridegroom's mother wore a blue lace sheath dress and blue feathered hat. Both mothers had corsages of white butterfly orchids.

The installation of new officers concluded the 39th annual session of the council, which is the international governing body of the order. Purple and gold were the colors selected by Mrs. Owens to be used in the installation ceremony. The officers installed wore purple gowns while their escorts were in gold. Miss Sharon Nelson, honored queen of

At the head of the international organization during the coming year will be another past grand guardian of the state of California, Mrs. Iva Owen of El Monte, Calif., who was installed into the office of supreme guardian. She succeeds Mrs. Sylvia Benedict of Columbus, O., a past honored queen of the order and past guardian of the state of Ohio. Thorstein Larsen of Ogden, Utah, was installed associate supreme guardian succeeding Mr. George Gerlach of Chicago.

The proper strength salt solution for processing vegetables for freezer storage needn't be a matter of guesswork. The Salt Institute offers these measurements for most common used concentrations:

A two per cent salt solution is approximately one heaping tablespoon of salt to one quart of water.

A three per cent solution is approximately one-and-one-half tablespoons of salt per quart of water.

which their daughter, Sue, made for them.

Coming to the party from a large cocktail party hosted by the Tom Stantons of Little Reed Heights were Jean and John Del Mar. Jean in a becoming brown two piece mandarin outfit, irreverently described by her husband as a oriental ski outfit. Helen Isel arrived with huge pink hibiscus which she proudly announced had been grown in Belvedere.

The Milton Levitans enjoying the dancing to the outstanding island music of the Frank Moitoza family.

Also receiving their share of the applause were the Belvedere and Tiburon "natives" who had spent many hours learning the pulli stick and coconut shell dances. "Pua Iliahi," a one stick pulli was performed by Mesdames Cork Meyers, John Del Mar, Curley and George Berticevich. "Nani Wale Na Hala," two stick pulli, was done by the same group with the addition of Mrs. Frelson and performing "Hilo E" with the coconut shells were Mesdames Berticevich, Curley, Harold Green and Miss Sue Boyden.

Among the lucky ones who were able to get reservations were the William Tresons, she in a gay red and white sarong and he in a lava-lava cloth made from the same material and a sport shirt. Dining with them were the Walt Connors, he as a coolie and Carol with a new short hair cut.

The Ray Coppers of Strawberry also in matching material. Jerry, in a brown print and Ray in a matching shirt. Also from Strawberry the James Watsons and William Prauns, both Marilyn and June in Hawaiian "tea timers."

Dining with the Jan Lansers of Tiburon were Dr. and Mrs. J. M. Stubblebine. The Dore Schwabs enjoying a swim following the floor show.

Greeting the guests at the door were Elmer and Avid Boyden sporting beautiful leis

MRS. ANGIE GOULDER

Bethel 265, Glendale, Calif., escorted Mrs. Goulder.

While in Cleveland as a delegate to the convention, Mrs. Goulder was registered at the Sheraton-Cleveland Hotel, headquarters for the four-day session.

En route to Cleveland, Mrs. Goulder visited relatives and friends in Waterloo and Oelwein, Iowa.

Show Will Preview Atkinson Designs

The Big Story, the most newsworthy fall collection of fashionable coordinated sportswear ensembles in the United States, styled by the distinguished American designer, Bill Atkinson, for Glen of Michigan will be featured in a preview showing at Rickey's popular Fashion Focus luncheon on Tuesday, Aug. 25 honoring the Pixie Parents of the Marin Art and Garden Center.

"Oh for the Life of a Country Girl" might read the headline from the fall collection which Mr. Atkinson describes as bold, spirited, direct and colorful—with so many coordinated ensembles to combine in different ways that there is no need to the fall Big Story.

Bill Atkinson is well qualified to express an opinion on the subject! He has rapidly established himself as one of the most noteworthy designers in the country, winning national fashion awards for his Glen of Michigan collection.

Surprisingly, he is a Darian, Conn. architect by training who became discouraged with his wife's search for country

clothes that were tasteful, uncluttered, well tailored and attractive. Using a Connecticut barn for his workshop and his architect's knowledge of line, texture, color and design, he began styling coordinated country ensembles for his wife and her friends. Fame spread quickly and he soon was snaggled by Glen of Michigan to create exclusively for them.

In Tuesday's advance preview showing, guests will be introduced to blanket wool skirts, with roguish knit sweaters, important collared blouse with an oxford education; whipcord skirts to team with it. The Pixie Parent models will show the newest Glen of Michigan Bermuda's and slim tapers in charcoal or red flannel jumpers, city jersey, and all time great jackets to carry a suburbanite through fall and winter.

Mrs. John Gilman and Harry Bell have worked with Marion Bellamy, Fashion Focus coordinator, to bring the advance preview of Glen of Michigan fashions to Marin. Reservations for the 12:30 o'clock luncheon are open to the public and may be made by calling Rickey's.

THE PARENTS' CORNER

By RICHMOND BARBOUR, Ph. D.
Guidance Counsellor

Remember To Comfort Child On His First Day Of School

Remember your first day at school? How scared and excited you were? It was one of the most important days of your life.

Do you have a child starting school this fall? Are you getting him ready for his first day? I hope so. He'll be just as anxious as you were. Try to make it a good day for him. If you don't have a school bag, you might clip this column and pass it on to a parent who does have one. These suggestions may help.

Does your beginner know where his room will be? Does he know where the playground is? The school office? The rest rooms? Does he know how to get to and from school? Teach him these things before school starts. Take time to do it now.

Will he meet his teacher before the first day? If possible, arrange it. Your teacher may not be available. Maybe she's away. Maybe she's too busy. However, many of our best teachers of beginners devote several days to meeting their pupils before school starts. Some make phone calls. Others arrange appointments at

school. Your child will be taking his first big step into the world—his first step away from you. He'll be helped if he knows if he knows his teacher and feels she is his friend.

Do you plan to go with him the first day? I think you should. Many school people think you shouldn't. They say it's easier to handle the newcomers without their parents around. It is easier, sometimes. But it is apt to be harder for some of the more sensitive children. It may multiply their fears.

So I suggest you go. Stay at the back of the room. Say nothing. Do nothing. Just let your new little scholar know you're on hand. When he feels safe he can tell you to go.

READERS' FORUM

(Q) "Our baby is 2½ months old. I don't talk or sing to her the way other mothers do to their babies. Would it help if I did?"

N.B.

(A) Probably it would, if the singing and talking can come naturally. It would be another source of comfort to her. Babies like to hear their mother's voices.

ALMANAC

Today is Tuesday, Aug. 18, the 230th day of the year, with 135 more days to follow in 1959.

The moon is full.
The morning star is Mercury.

The evening stars are Mars, Saturn and Venus.

On this date in history:
In 1587, Virginia Dare was born at Roanoke, Va.—the first child born of English-speaking parents in the New World.

In 1774, Meriwether Lewis—later to help lead the Lewis and Clark expedition—was born.

In 1856, the government issued a patent for condensed milk, although the patent office said it doubted the value of the invention.

In 1896, Adolph S. Ochs took control of the New York Times.

In 1914, Germany declared war on Russia.

In 1919, the Anti-Cigarette League of America was organized at Chicago.

In 1940, the United States

and Canada established a joint defense plan against possible enemy attack.

A thought for today: The contemporary author James Thurber said, "Early to rise and early to bed makes a male healthy and wealthy and dead."

TIME AND TIDE

Department of Commerce United States Coast and Geodetic Survey, Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

TO AUGUST 22

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart.

DAILY CRYPTOQUOTE — Here's how to work it:

AXYDLBAAXR
is LONG FELLOW

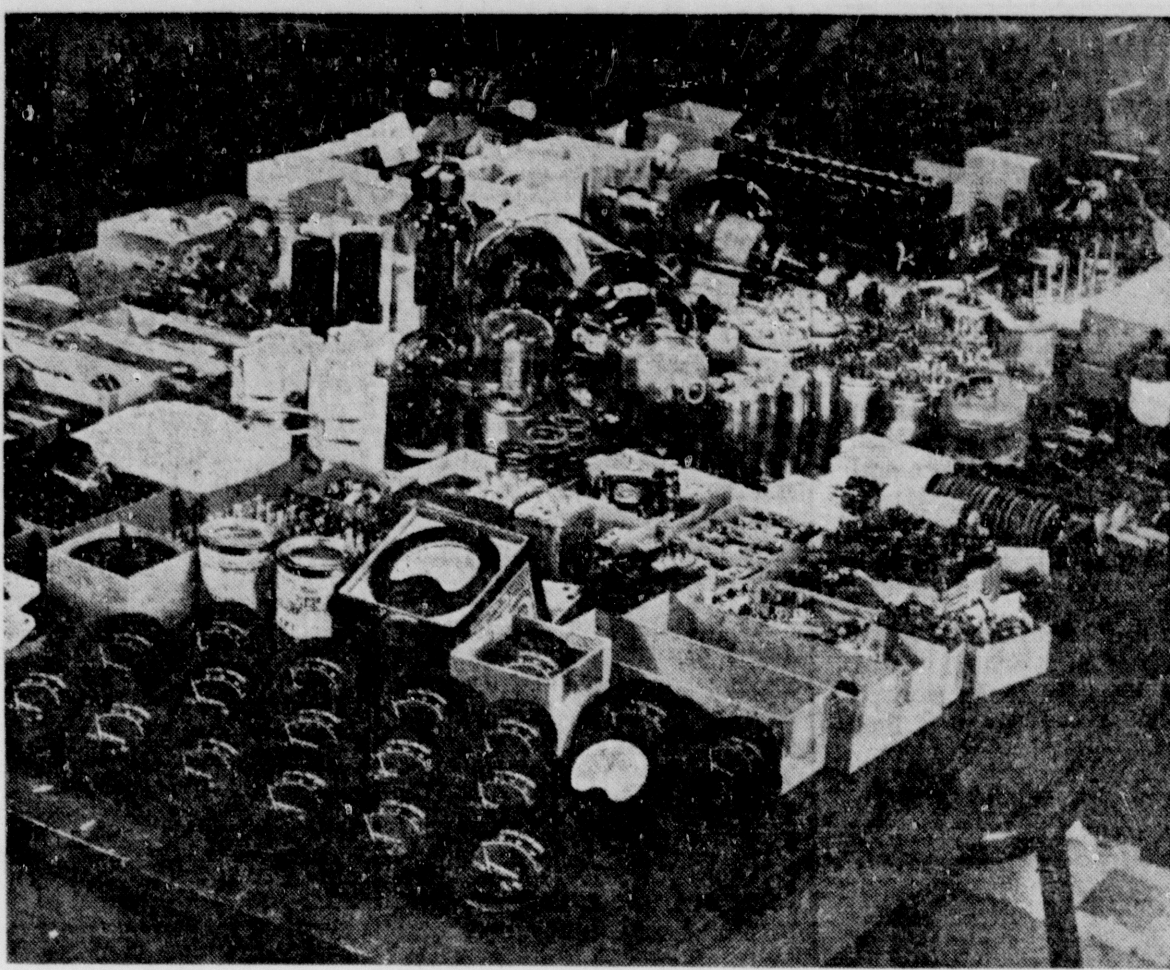

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

ALL FOR \$8.20 — This is part of more than \$1,600 worth of Navy electronic equipment picked up by College of Marin engineering department

for \$8.20 during surplus sale at Oakland Naval Supply Center. It will be used in college's new electronic engineering technology program.

Small Investment Pays Off Big For College

An \$8.20 investment has paid off handsomely for the College of Marin engineering department.

That's all that Carlton E. Cherry, department head, and Erwin Gressenger, electronics instructor, had to pay for electronics parts and equipment worth more than \$1,600.

The surplus material was offered by the Navy at one cent a pound during a recent sale at Oakland Naval Supply Center.

Some of the 820 pounds of equipment which Cherry and Gressenger picked up will be useful only for display.

The rest will save Marin Junior College District taxpayers about \$1,000, Cherry said.

Picnic Today For Teachers At Workshop

Teachers attending the fifth annual workshop in Teacher Education at Dominican College will be guests at a picnic barbecue at Forest Meadows at 6:15 o'clock tonight.

The opening session of the workshop Sunday was a symposium on the Conant report on the American high school.

The Conant report advocates bigger, more comprehensive high schools as a partial answer to the difficulties which beset American high schools, particularly for the so-called "upper levels"—the students of the high IQ group. It has precipitated many controversies.

MAIN SPEAKERS

Principal speakers were Carl Munck, of the Oakland Board of Education; Dr. Arthur Corey, executive secretary of the California Teachers Assn.; Dr. Harvey Hall, registrar, Stanford University, and Dr. Howard Lane, of the division of education and psychology, San Francisco State College.

"We have been listening for years to critics who have a facility with words—professional educators are hard for laymen to understand," Munck said. "Conant (Dr. James B. Conant, former president of Harvard and author of the report which bears his name) has done a real service to American education. The report will aid in arousing interest of local citizens in their schools and will strengthen local control of education."

SIGNIFICANT RESULT

Said Dr. Corey: "The most significant result of Conant's study has been the strengthening of the American comprehensive high school. I feel that Conant thinks the greatest contribution of this report is to get people to see that the average high school in this country can't do a decent job because it is too small."

"A weakness in the Conant report is that the study does not give enough attention to the middle and lower ability groups."

Dr. Hall said: "The prestige of the report is the mainspring of its usefulness. However, one weakness is that it lends itself to selective quoting by different interest groups."

"Dr. Lane's comment was, 'I'm embarrassed that Conant had to do this job—it should have been done by the profession. Our use of professional language got in our way.'"

IT'S ALL RIGHT, I'M INVISIBLE

LONDON — A startled police inspector encountered a naked man trudging along a side street off the crowded Strand yesterday.

"It's quite all right, old boy—I'm invisible," the man told the inspector. The inspector hustled him off to a hospital for observation.

Editor Must Replace Book Or Face Jail

Pearce G. Davies Jr., Sausalito editor-publisher who removed a page from a valuable Sausalito Public Library book for use in his own publication, had the book thrown at him yesterday by Judge Harold J. Haley.

Davies was given two weeks—until Aug. 31 at 3:30 p.m.—to replace the book and pay a \$100 fine or go to jail for four months. The court also stipulated that Davies conduct himself as a "law abiding citizen" during his period of probation.

Davies entered a plea of guilty of malicious mischief and petty theft yesterday and waived his original demand for a jury trial.

The picture in question was cut out of the library's only copy of the Marin history book, "In Tamal Land," last June. It was used on page one of the first and only issue of Davies' publication, the Sausalito Gazette.

When asked by Haley how long the Gazette had been in publication, Davies said it had been "gestating for five months."

"It is a popular success but not yet a commercial sensation," he added in protesting the stiffness of the fine.

"Considering that the court could impose a fine of \$500 and six months in jail—or both—this appears to be a reasonable fine," Haley countered.

The district attorney's office, through Deputy Harold Wolters, had recommended a fine of \$150.

Corporations Reach New July Record

NEW YORK — More new business corporations were formed last month than in any July on record, Dun and Bradstreet, Inc., said yesterday.

The total, 16,562, brought the total for the first seven months of 1959 to 119,562, also a record.

HALE PRATHER
Deep Springs for him

Marin Youth To Enroll In Elite College

Hale Prather of San Geronimo, a 1959 graduate of Sir Francis Drake High School, has been accepted by Deep Springs College, probably the smallest and most selective college in the United States.

The young men who enroll at Deep Springs (about 20) are chosen from a small eligibility list compiled from the graduation rosters of secondary schools around the country.

In addition to the more flattering superlatives usually used to describe Deep Springs, it has the dubious distinction of being one of the least known institutions of higher learning in the United States.

Young Prather, whose father, Robert Prather, is counselor at Drake High, expressed gratitude at seeing an article about Deep Springs in last Friday's Independent-Journal, as he said he had experienced difficulty in convincing his friends that there was a college by such a name.

He will be one of six new students at Deep Springs next semester. He turned down scholarship offers from two well-known institutions to accept the Deep Springs offer.

Brake Deficiencies Found In 374 Of 1,053 Trucks

SAN FRANCISCO — Safety inspectors found brake deficiencies in 374 of 1,053 trucks inspected within three months, the state Public Utilities Commission reported yesterday.

Of these, 11 had unsafe brakes and were ordered out of service. Deficiencies on the others were corrected before they left the inspection station.

The PUC has safety jurisdiction over approximately 40,000 trucks and buses.

BANKS FOR I-J BOYS—John Bacigalupi (left), manager of the San Rafael branch of the Bank of America, explains to Independent-Journal circulation manager Julian C. Leone the workings of a new savings plan for I-J newspaper boys. The small metal banks, which can be opened only by a key at a bank branch, will be sent those boys who qualify by filling a dime saver with 10 dimes. The piggy-shaped dime savers are being sent to the 510 I-J boys whose annual earnings from routes total more than \$200,000.

SAVINGS SETUP

I-J Inaugurates Bank System For Its Boys

The Independent-Journal's 510 newspaperboys now have a safe place in which to save the more than \$200,000 they earn each year.

It is a tamper-proof metal bank—which can be opened by a key only at a Bank of America branch—and which will be given each newsboy who qualifies in the savings program sponsored by the newspaper.

To receive a bank, the boy must fill a piggy-shaped dime saver with 10 dimes. The dime saver, which will be mailed to all boys this month, may then be traded for a bank at the nearest Bank of America branch.

The \$1 contained in the dime saver is credited to the youngster's account.

Stamped on the side of the

bank is an attractive orange and black design depicting an I-J carrier boy and bearing the slogan, "Earning While Learning."

The savings program is part of the I-J's training policy for newspaperboys which includes a twice-monthly carrier school and a system whereby each boy is required to deposit payment for the newspapers he purchases for his route in any of the county's banks.

The idea of the personalized savings bank was termed "another first" for the Independent-Journal by Julian C. Leone, I-J circulation manager. The newspaper was also the first to set up carriers as independent businessmen, requiring them to deal directly with the banks

Utilities Refused Plea For Cut In Valuation

SACRAMENTO (AP)—The state Board of Equalization rejected petitions yesterday to reduce its taxable property valuation of seven of the state's largest public utilities.

The reassessment requests were made by companies whose total value previously had been set by the board at almost three billion dollars.

The board said refusal of the petitions marks completion of its action this year on assessment of property for state tax purposes, giving the utilities recourse only to the courts, should they seek further remedy.

Petitions rejected included

those from Pacific Gas and Electric Co., assessed at \$1,049,519,330; Pacific Telephone and Telegraph, \$945,414,750; Southern California Edison, \$531,190,860.

Southern Pacific, \$188, 168, 340; S.P. subsidiaries, \$33,692, 250; Union Pacific Railroad, \$43,904,230; California Electric Power, \$58,234,270, and Citizens Utilities, \$2,692,830.

In other action the board approved utility tax roles with assessed values totaling more than 440 million dollars for the 108 California cities which do their own assessing. The total is about 5 per cent higher than last year.

ONLY MIRACLE CAN HELP

Injured Year Ago Today, Girl Still Unconscious

SPRINGFIELD, Mass (AP)—The nurses on the third floor of Springfield Hospital are fond of pretty Alice Olson. But she may never know it. She lives in a silent world.

The 19-year-old West Brookfield secretary has been unconscious since an auto accident in East Brookfield one year ago today. Her parents were told months ago: "Only a miracle

would help her."

"There is nothing they have any hope for," says Mrs. Clothilde MacLean, head nurse at the hospital geriatrics and long-term illness ward. "There is no communication. She opens her eyes when we sit her up. She closes them when she goes to sleep. We don't know if she sees anything."

It was 12:39 a.m. one year ago today. Alice, her sister, Anita, 17, and their dates were returning from an outing in New Hampshire. One minute later, the car careened off a road in East Brookfield, six miles from her home. It hit a utility pole and there was silence.

The other three young people recovered from lesser injuries, including her sister, who suffered a broken leg.

Alice was taken to a nearby hospital with a fractured skull, but doctors sensed the slim balance between life and death. She was moved immediately to Springfield Hospital where a brain surgeon operated on her. She has undergone brain surgery several times since.

Tam District Orientation Day Scheduled

An opportunity to run through their schedules on an uncrowded campus will be given new students Sept. 4 in the three Tamalpais District high schools.

Orientation day, the first day of school for new students, is designed for incoming freshmen from the 12 elementary schools within the district, as well as for all new residents, regardless of grade level, according to Miss Eunice Reader, director of guidance.

REGULAR CLASSES

Regular classes will begin Thursday, Sept. 10, Supt. Chester G. Carlisle said, after Labor Day and Admission Day holidays, between which is county institute for all teachers.

Orientation day will be a half day of school at all three high schools. Tamalpais students will assemble at 8:30 a.m. in Mead Theater to be welcomed by Principal Richard L. Campion and introduced to staff members and student body officers. School will close at 12:30.

The opening assembly at Drake will also begin at 8:30 and Principal Harold Allison will conduct a similar program. Drake's day will conclude at 11:30.

REDWOOD WELCOME

Principal Donald Kreps will welcome new Redwood students at a 9 a.m. meeting in the gymnasium. They will be dismissed at noon.

At all three schools, Miss Reader said, students will briefly attend all six of their classes. In some cases instructors will outline the course and distribute books. Students may also receive locker assignments that day.

DAIRY MARKET

Poultry Producers: Large AA 44-48; large A 42-46; medium AA 35-39; small A 20-24.

Sylvester Dairy: Large AA 48; medium AA 39; small A 24.

Final Teen Dance Set

The final dance in the senior teen dance series of the San Rafael Recreation and Park Department will be held Aug. 28 from 8:30 to 11 p.m. at the high school cafeteria.

Theme for the occasion will be "Summer Highlights." Music will be provided by an orchestra furnished by Local 6 of the American Federation of Musicians.

Preceding the dance, the recreation and park department will present its first annual Acqua-Cade at the San Rafael High School Pool from 7:30 to 8:30 p.m.

The show will consist of several solos and duets, synchronized swimming acts and diving acts. There will be no admission charge.

Back From Pacific

Dante J. Castellani, Navy radarman seaman, son of Mr. and Mrs. J. Castellani of 203 Marin street, San Rafael, serving aboard the destroyer James E. Kyes, returned to Long Beach recently after a six-month tour of duty with the 7th Fleet in the Western Pacific.

Sausalito May Act In Barge Dispute

Whether the Sausalito City Council will abide by its promise to take final action tonight in the long-pending Byron Edwards barge encroachment imbroglio will be determined when it reaches the subject of "unfinished business" on its agenda.

Pending since 1951, the matter centers around the city's contention that the Edwards' property encroaches—by a few inches—on city property, that its apartments fall below proper standards and that there are no sewer facilities.

The Edwardses are seeking to satisfy the city's demands by means of posting performance bonds and were given until to-

night to present acceptable evidence of their intent.

Also on the agenda is a hearing on the application of Helen Louise Conser for annexation and rezoning of 1.6 acres of land at Waldo Point for apartment construction. It is now in county territory.

There is also to be a hearing on an application by Morden Dunn, developer of a large tract near Bayside School, to rezone a portion of the south side of Nevada street to Commercial.

Also under unfinished business are the matter of Sunday operation of parking meters, and a special committee report on proposed improvements of the water system for fire protection.

MULE TRAIN CARRIES OUT UNUSUAL LOAD

BISHOP (AP)—A mule train wound its way out of the High Sierra yesterday with a load old-time mountaineers would not have thought possible—5,000 pounds of tin cans.

The cans had been left by campers, hikers and fishermen in the Sabrina Basin.

A Sierra Club cleanup party of businessmen, lawyers, doctors and students gathered the cans in 131 sacks.

At Marine Camp

Marine 1st Lt. Henry G. Hayes Jr., son of Mr. and Mrs. Henry G. Hayes of 300 Goodhill road, Kentfield, is serving with the 10th Marine Regiment, the artillery arm of the 2nd Marine Division at Camp Lejeune, N.C.

\$18 Million Left In State General Fund

SACRAMENTO (AP)—More than 18 million dollars remained in California's general fund at the end of the 1958-59 fiscal year this June, "virtually assuring" the state of a balanced 1959-60 budget, Controller Alan Cranston reported yesterday.

He said the 222 million dollars a year in new taxes voted by the Legislature makes the prediction possible.

Without the new taxes, Cranston said, "We would have been confronted with a probable 150-million-dollar deficit that would have been difficult to manage and would have robbed the state of much of its soundness as a credit risk."

Color... flags attention!

COLOR IS DRAMATIC. It flags attention . . . more people stop, look, and read. Surveying 3,600 men and women readers, the Houston Chronicle found that color practically doubled the readership of advertising. A message was remembered as much as three times longer than when printed in black and white. Twice as many readers said they purchased products advertised in color than responded to similar black and white ads. A particular color ad tested was remembered by 53% of the men and 69% of the women a month after it was published.

These dynamic results confirm the experience of thousands of advertisers in all parts of the country. Similar action is obtained with color in the I-J right here in Marin, at only slightly higher rates than for ads in black and white. Every week more local advertisers are using the powerful selling force of color in their Independent-Journal ads to produce extra sales.

For full information on how to give plus-power to your advertising with color, ask the I-J.
